Dear Friend:

Enclosed you will find a complimentary copy of ZIONIST WATCH thanks to someone who appreciates you and wants you to be well informed.

Yes, that's right. Well informed.

ZIONIST WATCH is a hard-hitting newsletter which has just recently begun publication. Starting in September 1987, thousands of readers have subscribed. The circulation is growing daily. This newsletter is the only one of its kind. It is devoted to providing you with an in-depth analysis of America's special relationship with Israel.

Columns on presidential candidates will be offered, plus their thoughts on Middle Eastern affairs. 'How will this candidate, if he becomes President of the United States, represent our interests in dealing with the powerful Zionist lobby?' will be asked and answered.

That and more. ZIONIST WATCH will bring you closer to what's going on in the arena of international Zionism and how it directly and indirectly affects you.

That's why we thank you, and your friend who volunteered your name to us, for giving us the chance to introduce ZIONIST WATCH to you, your business and your home. And because this is such a unique opportunity we want to make a special offer to you at this time.

Here's the offer: Take \$21 off the \$100 regular yearly subscription price and you can get 24 issues of ZIONIST WATCH, that is two issues per month, for only \$79.

Yes, we are offering this discount to you because you are special. Special because a personal acquaintance of yours, a present subscriber of ZIONIST WATCH, gave us your name and said you are the kind of person we are looking for. That you would be interested in what our two renowned editors, Victor Marchetti, author and former CIA officer, and Mark Lane, lawyer and author, have to say about this very important issue for all Americans.
