

Adirondack = Southern

A UNIQUE BUT EDUCATIONALLY CONSERVATIVE GIRLS' SCHOOL

647 - 34th AVENUE SOUTH, ST. PETERSBURG, FLORIDA 33705

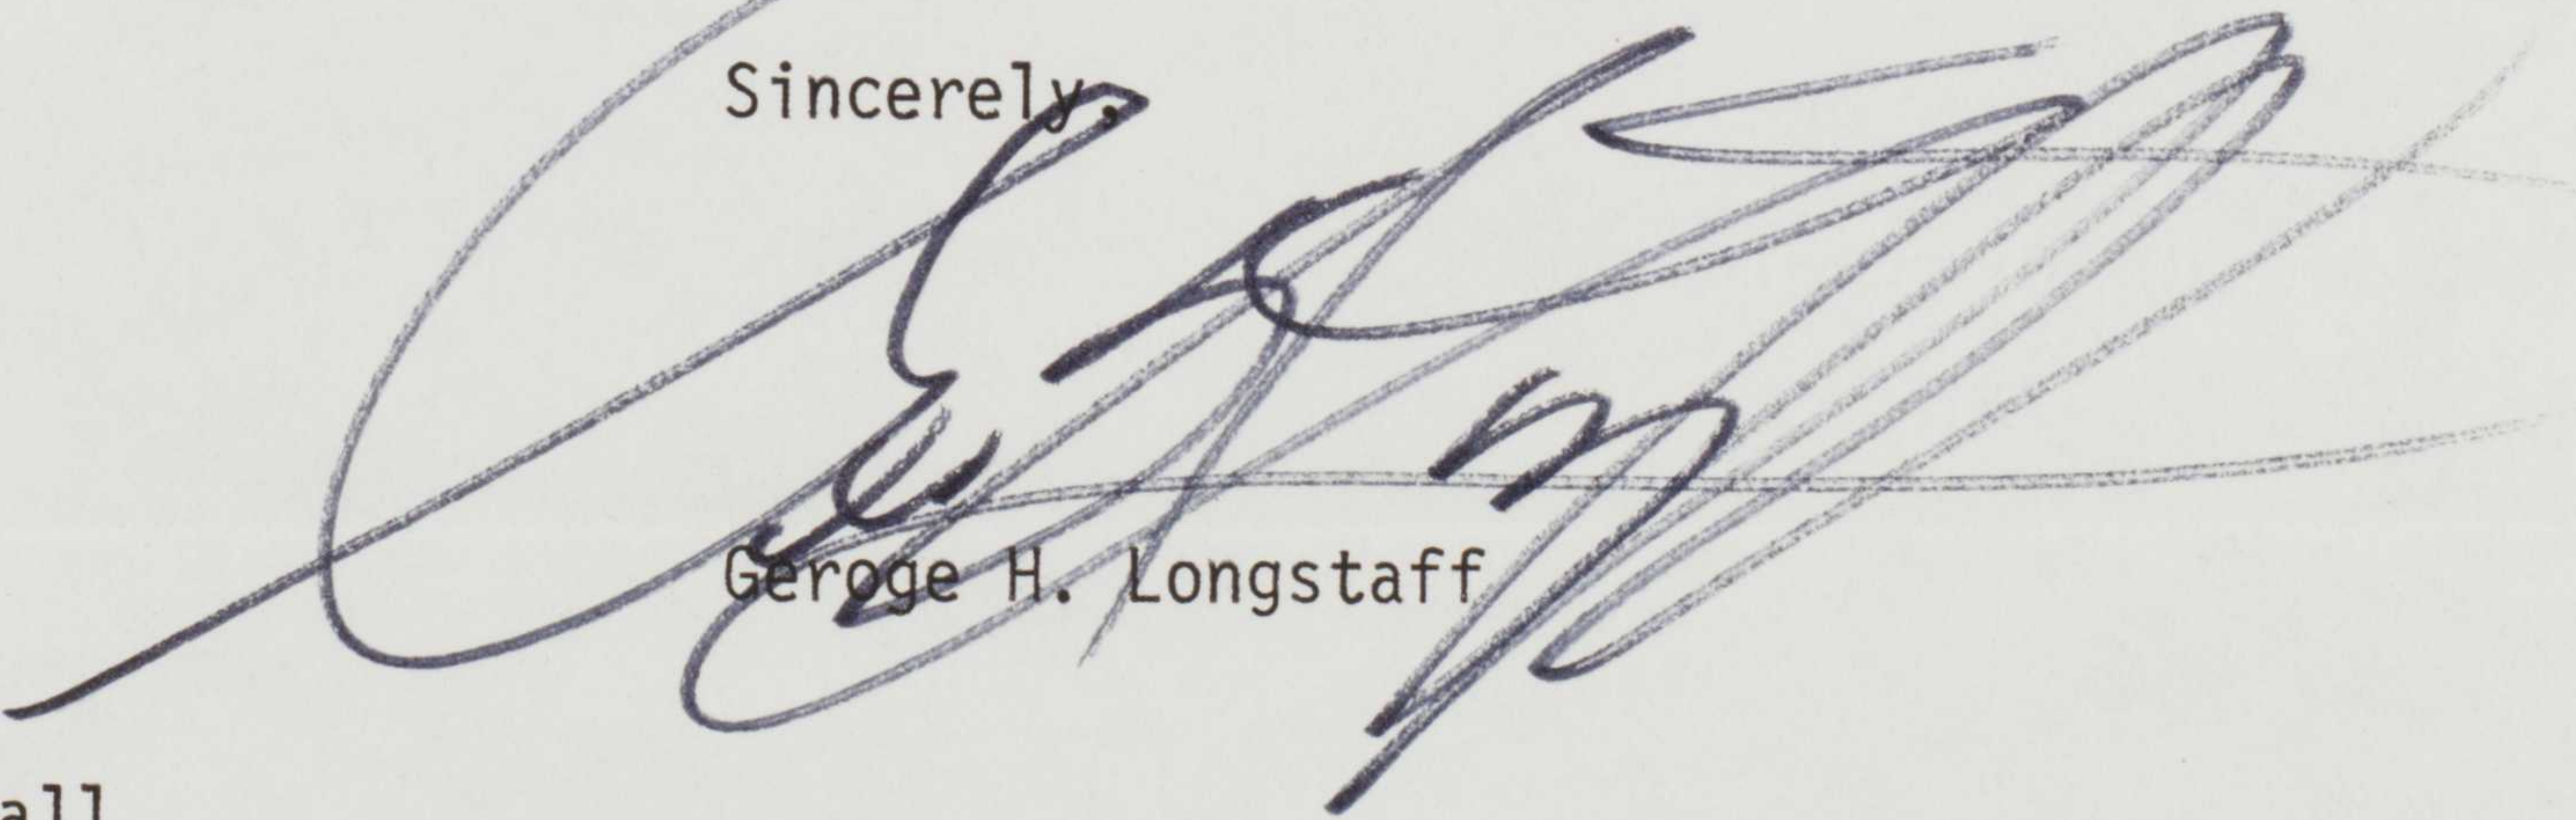

February 20, 1978

My dear Mr. Hall,

We were indeed pleased with your hour at Adirondack-Southern and I think it quite probable that a number of the Florida private schools might covet a similar experience for their students. However, as few are as conservative as we, the chances are that their enthusiasm may be less.

The material in the Sargent's Handbook may be supplemented by the enclosed Florida Council roster. As you know, the single-sex schools tend to be less liberal than the coeducational ones and that might guide you in your selection.

Sincerely,

George H. Longstaff
