

Socialist Educational System in Our Country

Socialist education work can be successful only when it is based on an advanced educational system consonant with the nature of socialist society. The socialist educational system of our country constitutes a basic guarantee for applying the fundamental principles of socialist pedagogy in educational work and achieving the objective of socialist education.

The historical roots of our socialist educational system were laid during the anti-Japanese revolutionary struggle. In the days of the anti-Japanese revolutionary struggle, we set forth a revolutionary line of education based on the Juche idea and, in pursuance of it, conducted educational work by unique forms and methods. In this course priceless experience was gained in training revolutionaries and our Party's glorious traditions of revolutionary education were established. The new educational system created during the anti-Japanese revolutionary struggle constitutes the prototype of the socialist educational system of our country.

In the period of the anti-imperialist, anti-feudal democratic revolution after liberation, we abolished Japanese imperialism's colonial system of slave education and set up a popular, democratic educational system, as part of the socio-economic reforms for the building of a new country. The democratic educational system was
