WELCOME SISTER CITY INTERNATIONAL AFFILIATES

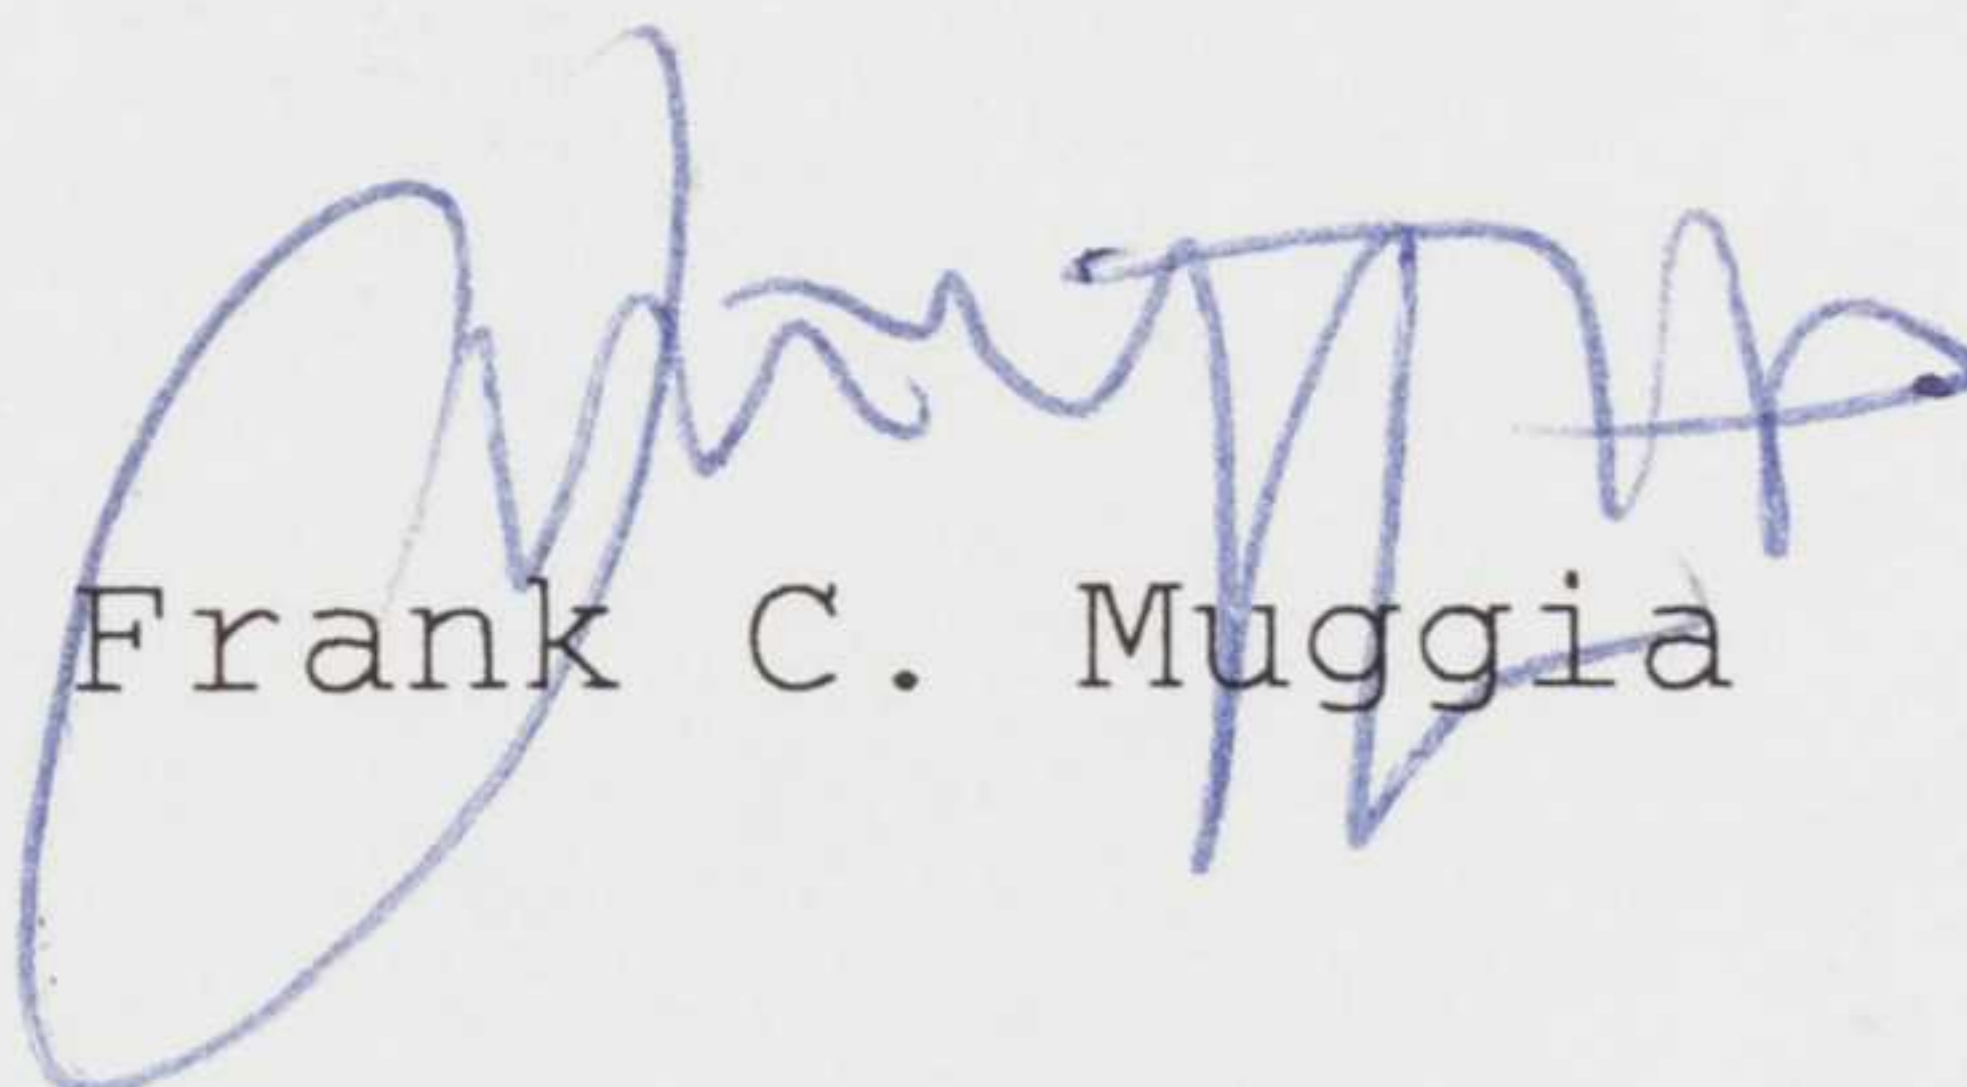

Burns & Levinson, an SCI Corporate Partner, is pleased to sponsor the first Massachusetts and New England regional Sister City International conference. We cordially welcome you to Boston.

Burns & Levinson represents many small and medium sized businesses as well as large domestic and international companies engaged in the manufacturing, marketing, distribution, and sale of their products and services. We also represent several commercial banks and financial institutions.

As one of New England's premier law firms, we can provide you with all your legal needs: including incorporation, obtaining necessary permits, leases, financing, tax and business advice.

We are delighted to help Sister City affiliates bring their business and trade partners to the New England area and assist them in making the transition a smooth and profitable one.

Very truly yours,

Frank C. Muggia
