

Best tool available to get porn magazines out of your local stores

Excellent project for your group, Sunday school class or church—distribute copies of this report to stores selling porn magazines in your area

Executive Summary:
**Images of Children, Crime and Violence
in Playboy, Penthouse and Hustler Magazines**

Dr. Judith Reisman, Principal Researcher

This 24-page summary of a revealing research project places *Playboy*, *Penthouse* and *Hustler* magazines in their true light, revealing how they encourage and foster the sexual abuse of children. It puts to rest the theory that these 'soft-core' porn magazines are harmless. No store manager or owner who cares about children can read this study and continue to sell these magazines.

"This study must be read by all those concerned with the ways pornography and violence in the media affect the incidence of child sexual exploitation and abuse."

—John B. Rabun, Deputy Director
Nat'l Ctr. for Missing & Exploited Children
U. S. Department of Justice

"...most powerful tool yet...to persuade stores to discontinue the sale of porn magazines."

—Don Wildmon, Executive Director
American Family Association

"The significance of your research cannot be overestimated... It is imperative that your report be made available immediately to the general public."

—Linnea W. Smith, M.D. (Psychiatrist)
Active in drug education in the
collegiate athletic community
