

RESPECT FOR THE EARTH. Everything that is comes from the Earth. And you must not forget that you come from the Earth as well. When making a pot, you must listen to the Earth, and the clay will speak to you, and you must simply let the clay guide the shape that the pot will become. The clay is alive. The clay will guide your hands. You must never go against the will of the clay, which is ultimately the will of the Earth, and the path to happiness.

Dear Grace,

Karen Mays daughter told me to get in touch with you - I gather you're a tax resister, or interested in war tax resistance, & she thought it might be useful for you to know my name. So do get in touch with me if I can be of any help in relation.
