

USE THESE STAMPS TO COMBAT COMMUNISM

Anti-communist experts, who have been combating communism for years, tell us that the U.S.A.C. official insignia — the red hammer and sickle crossed out with a big “X” — is the most devastating anti-communist “message” they have ever seen. Its meaning is clear: WIPE OUT COMMUNISM, destroy it, get rid of it, wherever it exists. **USE THESE STAMPS** at every opportunity — on your letterheads, envelopes, greeting cards, on the back of your business card. Give them to your friends. **Every stamp is a psychological blow against communism.** Order extra sheets now. Just \$1.00 for one sheet of 100 stamps.

NOTE: If you receive more than one of these appeals, please excuse us. We have mailed many of the letters to lists which we could not check for duplication. Please pass the extra letter on to a friend. Thank you!
