

AMERICA'S HOPE BROADCASTS

P. O. BOX 72, HOPKINS, MINN. 55343
C. O. STADSKLEV, PASTOR • OFFICE: (612) 935-6039

June 23, 1988

Dear Mr. Gardia:

The Bible has been lost in the church, but how many people know it? Not many, and if they did know how many would want to look for it? Again, not many. I can not emphasize enough the very great importance of preaching and teaching the Gospel of the Kingdom at this time. (Please read the enclosed article.) The nation needs to hear a clear scriptural voice expounding the glory and relevance of God's kingdom.

A lot of people are giving up on Christ and His church because of church corruption and misguided teaching and many have given up supporting the preaching of God's Word.

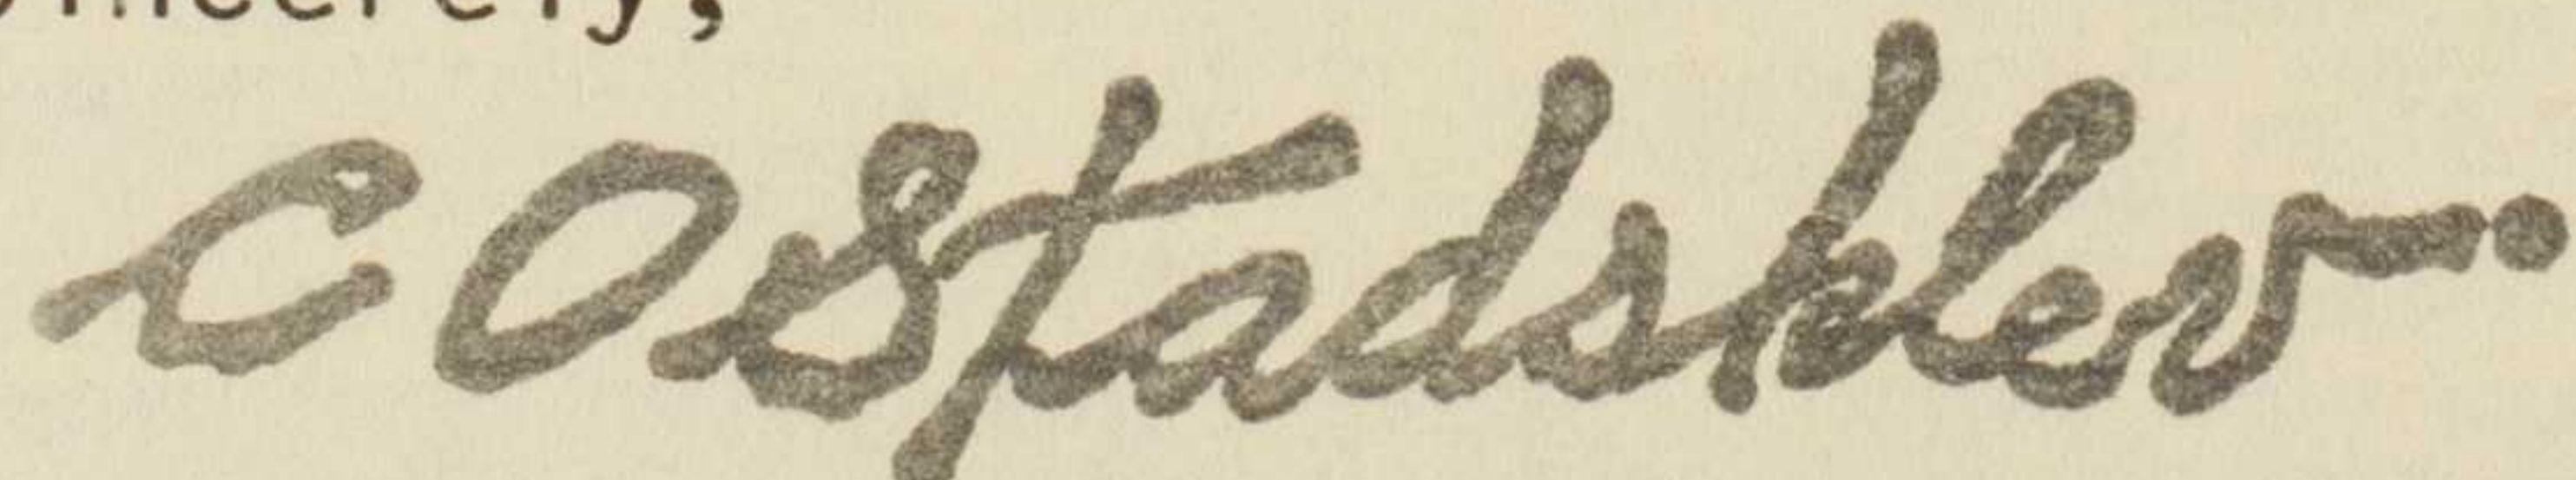

America's Hope is not a wealthy organization supported by wealthy people. We represent a small but diligent group whose faithful support, month after month, enables us to continue preaching the Gospel of the Kingdom.

It is a rare thing for us to appeal for money, but our contributions have fallen. The combined effect of old age, death, retirement, and perhaps a little apathy on the part of a few coupled with rising radio costs, increased postage rates and general expenses have forced us to cut back on radio time just when we should be increasing it.

I am writing to you because you are one of the few God has given the privilege of seeing and understanding the importance of the Kingdom of God and all that it portends for these last days. I am asking you for your help on a regular basis. You may not be able to contribute a large sum, but God knows your circumstances and your heart and God honors those that honor Him.

As individuals we may not be able to accomplish much, but many people together can move mountains. We need your support. May we hear from you today?

Sincerely,

Pastor C. O. Stadslev
