

MAKING PLANS FOR THE BATTLES AHEAD TAKING TIME TO SHARE OUR WEAPONRY WITH YOU

Equipping America's Families

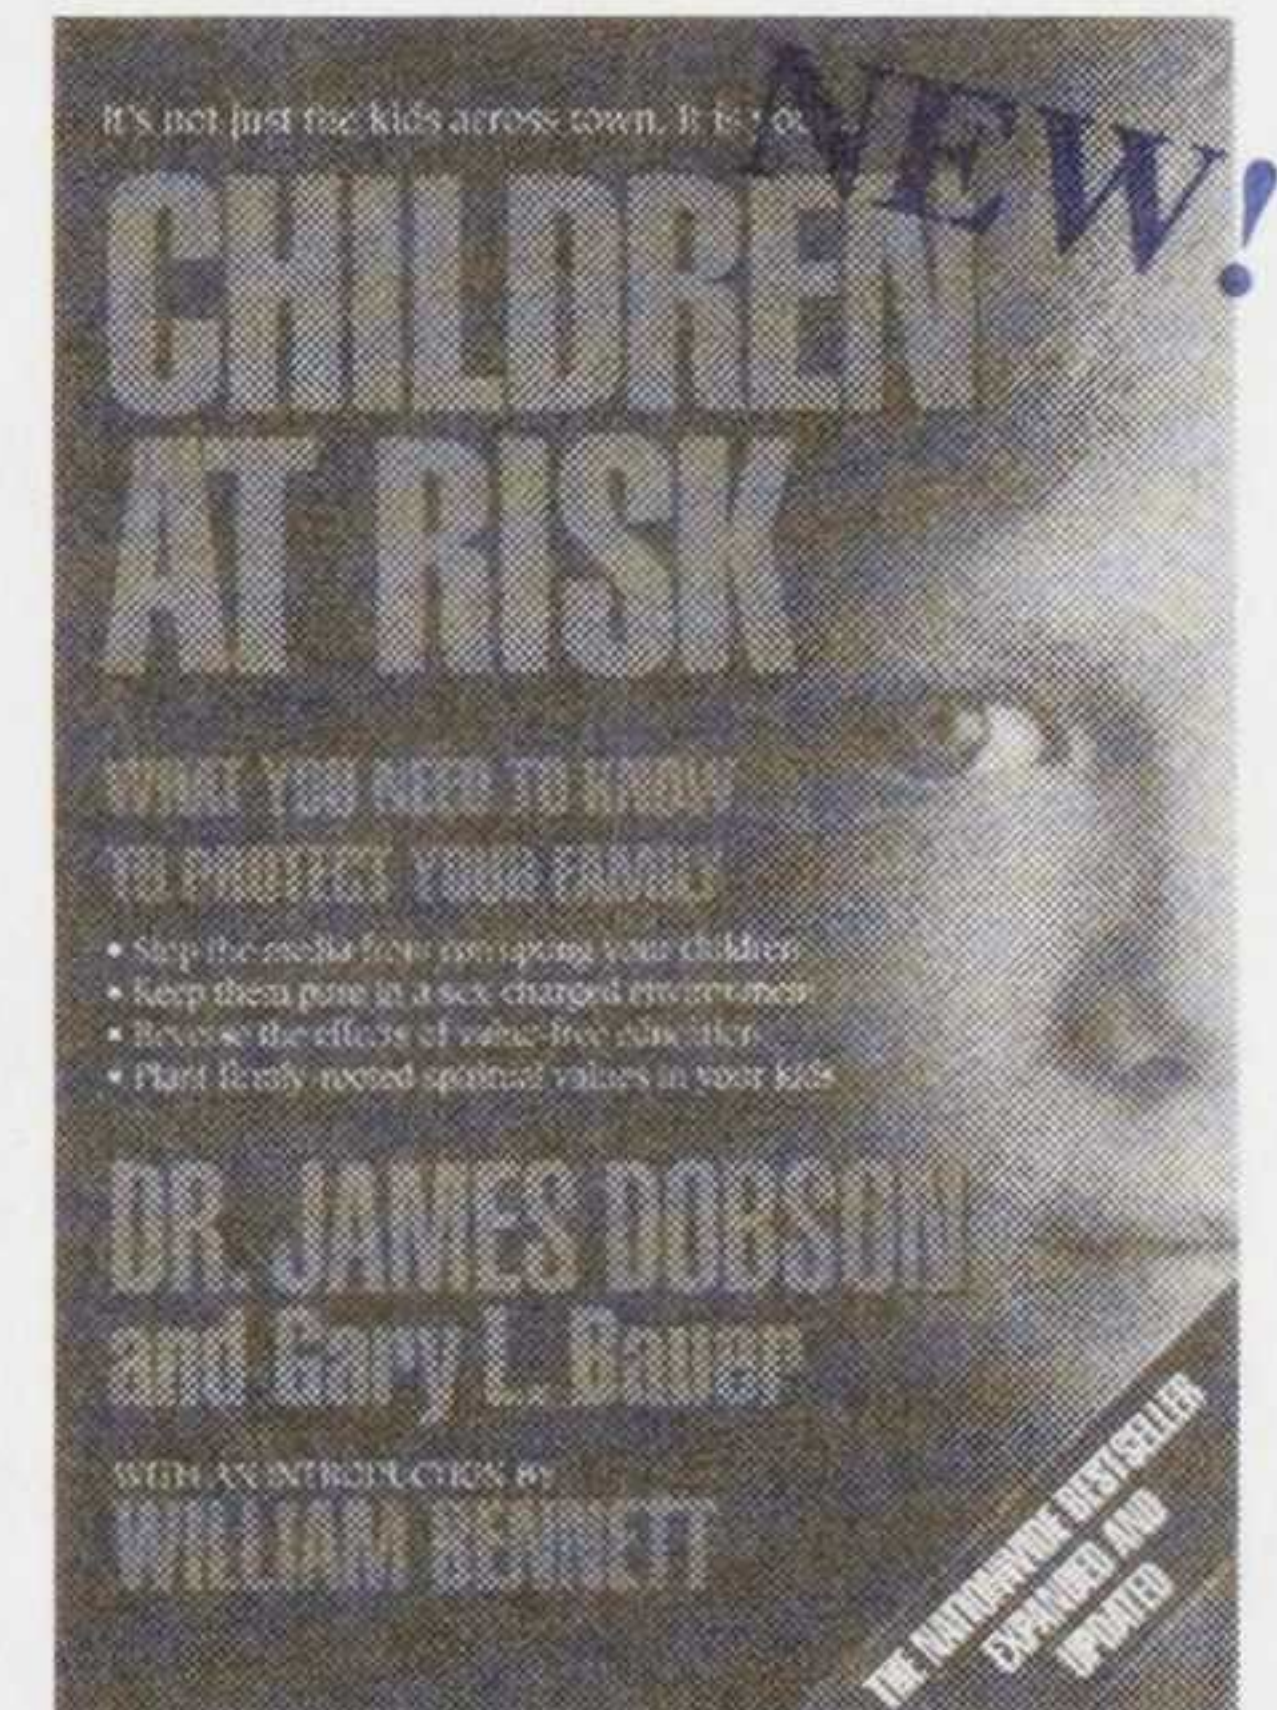

Family Research Council's updated *Resource List of Publications* is now available. The reports, papers and periodicals that are researched and provided to our key decision makers on Capitol Hill can now be brought into your home through this great resource. These thought provoking publications and articles, produced by FRC policy analysts and writers such as Charles Donovan, William Mattox, Jr., Robert Knight, Scott Daniels, Robert Maginnis and David Wagner, are a must read!

Protecting Our Children

Dobson, Bennett and Bauer, three men who stand for traditional values and fight for our families' moral freedom. In the newly revised Dobson/Bauer bestseller, *Children at Risk*, the issues endangering our families have been defined, updated and addressed. An introduction by Bill Bennett as well as practical recommendations at the close of each chapter have also been added. Send for your copies of this valuable resource today and share them with your family and friends.
