

FLAGS

have practical uses, but their primary function has always been social communication, most of all a symbol of pride. flags represent or identify the existence, presence, origin, authority, possession, loyalty, glory, beliefs, objectives and status of an entire group or nation. A flag is perhaps the most exalting and inspiring symbol of a people.

The WOTANSVOLK Flag is red and white stripes, reminiscent of Viking longship sails. Red signifies the blood of our martyrs in Valhalla and White, the nobility of our race. Wotan's ravens, Huginn & Muninn represent Thought & Memory. The Solar Wheel is symbolic of Allfather Wotan or Wotan's Eye, which he sacrificed for wisdom.

The **WOTANSVOLK flag** is the first and only banner of Aryan unity for all racial Wotanists.
