

HUNGARIAN CHURCH PRESS

UNGARISCHER KIRCHLICHER NACHRICHTENDIENST

Under the auspices of: The Reformed Church, the Lutheran Church and the Federation of Free Churches
(Baptists, Methodists, Brethren etc.) in Hungary. Editorial Office: Budapest, XIV., Abonyi u. 21.

In Communist Hungary the churches are under complete Communist control. Bishop Lajos Veto is a member of the Communist Parliament of Hungary, but is highly honored in ecumenical circles, being a member of the World Council's central committee and the Commission of the Churches on International Affairs. The Communists are already in the World Council of Churches through Iron-Curtain-controlled churches, but the Russian Orthodox Church is the final triumph of the Reds in their conspiracy which uses the churches. The WCC will have Communist agents throughout many of its activities.
