

9) The Cuban threat and Zionist Boycotts are driving Latin America toward an unprecedented working unity against Communism and Zionism.

10) New Hampshire Governor Meldrim Thomson's third-party talk is threatening the existing regime with total exposure of the extent of treason in high places.

11) Kissinger's plan to aid North Vietnam in massacring thousands of South Vietnamese holdouts on Phu Quoc Island threatens to give away for all to see what the "U.S. Government" really is.

12) As more and more people learn about the Zionist regime's use of lung-cancer-causing nuclear radiation from Fort Knox (It is common knowledge in nuclear medicine that, if one is exposed to alpha particle radiation of plutonium, death due to cancer can come in a matter of months or years. There has been an increase of over 18% in cancer deaths in the first seven months of this year in the central eastern states. Sixty pounds of plutonium, returned from Argentina, has been placed in the Central Core Vault at Ft. Knox, where it has been stored ever since late 1968. The casks are now corroding, causing leakage and contamination over the entire areas east and southeast of Kentucky) This nuclear radiation is allowed by our government and Kissinger has stated "Good, it will teach the anti-busing Louisville population a lesson. The Traitor Regime in Washington may finally get what it deserves from an angry White Nation having had all it will take from alien races.

13) Insurance companies are refusing to insure the Rockefellers' mind-altering drugs issued under the Zionist codeword "swine flu."

But the Conspirators have a combination of mass-extermination plans by which they hope to drag the world down with them. The attorney William R. Pabst (1434 West Alabama Street, Houston, Texas 77006) has launched a lawsuit to publicize the regime's plan to soon put the million best patriots into anti-gentile extermination camps already built.

Youth Action News (Box 312, Alexandria, Virginia 22313) in their July 1976 issue document the Rockefellers' plan for creating a nuclear extermination of some Americans to frighten other Americans into submitting to the Rockefellers' Zionist Communist "New Constitution." Editor C.B. Baker predicts either a no-win nuclear war staged by the United States and Russia, or Rockefeller-financed domestic terrorists using U.S. military nuclear weapons which the press is trying to claim are being magically manufactured by the terrorists.

The headquarters for this treason is Mount Weather, near Bluemont, Va., a huge underground bomb shelter and Alternative Government headquarters which already arrogantly operates counter to Congress. The plan is to scare people with nuclear violence, and trick them into letting the Rockefellers set up a "National Emergency" Government of their own which would then put the patriots into the extermination camps and, under the name of "Crisis Relocation" or "Regional Government," drag the rest of the white population off to slave-labor-camps.

Ford's codeword for this treason is "National Emergency." Carter's is "Government Reorganization." The Nitty Gritty Truth (Box 511, Barstow, California 92311) has reported Reagan as trying to hide from the public his participation in illegal troop training for this general slaughter of whites.

Next please.....
