- We will encourage the Taxpayers Party to maintain its consistent pro-life views.
 - And we will urge the Libertarian Party to consider the strong philosophical arguments of Libertarians for Life.

As we look ahead to Bill Clinton's last State of the Union message, we know that lies and dishonor can never be a sound basis for any nation.

Your generous contribution this month will help FRC in its drive to counter the many lies of Planned Parenthood. It will also be a great boost to FRC at the beginning of the new year.

I worked for Ronald Reagan for eight years. I know what one determined man who defends truth can do. I saw him call the Soviet Union an "evil empire," and I saw the horrified reaction of the liberal elites. He spoke the truth. And today, even the former rulers of the USSR refer to their past as an "evil regime."

I believe that Planned Parenthood is an evil enterprise. It is evil because it takes innocent human lives and because it spreads lies about those who oppose them. Planned Parenthood must fall. With God's help, together, we can make that happen.

I hope your Christmas was joyous, and I wish you and your family a very happy New Year.

Sincerely,

Chuck Donovan
Executive Vice President and
Chief Executive Officer

P.S. Planned Parenthood's suggestion that FRC and its supporters condone violence such as bombing abortion clinics and murdering abortionists is outrageous. Please read my enclosed response to Planned Parenthood president Gloria Feldt. Also, please sign the enclosed protest form that I will send to Ms. Feldt as a follow-up to my letter. The more petitions I receive from FRC supporters like you, the stronger our message will be. If you can also include a generous donation, it would be very helpful. FRC faced a serious short fall in 1999. Your help is urgently needed. Thank you for joining us, and God bless you.

P.P.S. For more in-depth information on the abortion issue, order this month's premiums with your donation. *The 'Hard Cases' of Abortion: A Pro-Life Response* is the latest in FRC's pocket policy series. It presents a challenge to pro-lifers to consider the most compassionate response to women pregnant by rape and/or incest. *Vindicating the Right to Life: The Litmus Papers* helps the politician who needs to be convinced of the truth in the pro-life message so he or she can be convincing to others.

P.P.P.S One last note. **The entire FRC staff invites you to join us for an Open House, January 24, 2000, at the FRC headquarters in downtown Washington. If you are planning to attend this year's March for Life, please stop by anytime between 9:00am and 5:00pm to warm your feet, see our work close-up, and enjoy some delicious refreshments. We are located at the Gallery Place metro stop on the corner of 8th and G streets near the MCI arena. I hope that you can make it.**
