POSITIVE PREACHING AND THE MODERN MIND.....

Avoid as you would the plague a preacher who is also dabbling in business!
All preachers are alike to wandering sheep resolved to follow none!
Have we, as preachers something to say?

Today---We are face to face with modern man. Man: Scientific, armed by modern education, critical, skeptical, self-sufficient. You may not like him; but he is here and dominates the situation. He sits bestride today like a Colossus...We must realize this.

He will not believe what we say...The question is: Have we got a gospel or an evangel for him? The modern man is a very dangerous figure, but he is the best thing we have got.

Jonah was commanded: "PREACH THE PREACHING I BID THEE." Or, 'speak the speaking I tell thee...

Have we something to say today? The purpose of the Kingdom Message is understanding; in 'the power of the Spirit.' We must not use wild and extravagant words...Attempting to do this is like those who tried to bend the bow of Ulysses or the wield the sword of Excalibur---Such things will not work! Not words, words words---BUT preach THE LIVING LOGOS!

It is false prophets who always bark in the house of the Lord!

PREACHER: Let yourself be "A VOICE CRYING IN THE WILDERNESS" If it must be.....

* * * * *

As this year comes to a close more than ever we need the preaching of the Kingdom Message. For many of our American people today are unfamiliar with the basic teaching of our historic Christian faith...

This is due to a massive surge of secular humanism now penetrating our whole American society.

Much that is preached to our people today is an over-emphasis on religious experience against doctrine. Here is the place where harmony must prevail else we shall become lop-sided...

Much Prophecy preached today is actually error. A speculation in apostacy. A moving away from Truth.

Apostolic Christianity is not the sacrifice we make---but the sacrifice we trust. Not the victory we win, but the victory we inherit. Here is the Evangelic principle that are our spiritual roots!
