

The COMPANION BIBLE has a remarkable note to Deuteronomy 29:29. It is as follows:

"The secret things, even the revealed things, [belong] to us and our children for-ever, that we may do all the words of this law" ie: the revealed things, and the secret things which have not been, but will yet be revealed.

Dr. Bullinger claims this is the accurate reading of the original Hebrew. It gives an understanding of that which is to come in the era of Messiah!

One major postulate of my preaching is that the Word of God is an unfolding of the Divine Mind of the Divine 'eternal purpose' in God to his own, that is JACOB-ISRAEL, of what shall occur in the 'latter days.' ----The Christian era...

This takes a lifetime and more of diligent study to understand by the revealings of the Holy Spirit what the Bible is all about.

Yet---I have met many, who after studying the C.I. SCOFIELD BIBLE NOTES...for six months to a year....Become an expert in all mysteries past, present and future! And----assume ability to correct anyone who does not agree with Dr. Scofield's notes!

It was my privilege in Bible School days to study under the late Dr. F.C. Thompson compiler of the THOMPSON CHAIN REFERENCE BIBLE....Yet I use a wide margin plain King James Bible...and make my own notations, etc.

I can truthfully say....The SCOFIELD REFERENCE BIBLE is not the Bible the Holy Spirit gave us! The combination of God's Holy Word---And,----Printed notes on the same page for the profit motive \$\$\$ is not honorable to God! And, one of my pet peeves is for Bible Publishers to wrap God's Eternal Word in pigskin---an unclean animal! This is evil and wickedness! An abomination in so-called Christian circles!

One great difficulty now is to get even good Christians to believe that there is anything remaining to be revealed that is worthy of consideration, further, we find that many think it sacrilege to suggest that many of the secrets hidden in the Bible Scriptures are now being revealed for the first time. It is a monumental effort on our part to help people get over difficulties which to them are inexplicable, such as spiritualized passages which should be literally interpreted....And, prophetic symbols which are to be spiritually interpreted from within the sacred record.

A religion without mystery must be a religion without God.
