

Are you ready for World War III?

...the International Controllers are-

They're for 'America last!!'

***** **DO YOU KNOW** that only recently the U.S. Army, for the first time since the American Civil War, is giving a \$1,500 bonus to all inductees who volunteer for **infantry, artillery or armor**, the basic combat branches ??? This is **not** the usual re-enlistment bonus, but an outright enlistment bonus. What with all the battle-tested vets returning from Vietnam, the Army should have its ranks solidly packed with hundreds of thousands of fully-trained soldiers..... apparently the faceless **Controllers** of America know something that **we don't**. They have thrown the switch and suddenly find it necessary to **greatly increase** our ground combat strength. **FOR EXACTLY WHAT REASON???**

***** **DO YOU KNOW** that all U.S. Marines now receive intensive training in "desert warfare?" **TO WHICH DESERTS WILL THEY BE SENT???**

***** **DO YOU KNOW** that phony "sedition trials" like the ones staged in 1942 are in the works **right now???** And guess who the victims will be..... **NOT** the traitors in America, but the **Patriots**, along with all those who strongly oppose "desert warfare."

***** **MOST HORRIFYING OF ALL**, do you know that the U.S. Army has just instituted a special unit designated as the "300th MP Prisoner of War Command," with headquarters at Livonia, Michigan and other places. The mission of the 300th will be to operate ten concentration camps that would hold up to 120,000 **civilian internees within the United States**..... presumably the "seditionists" and not the Jerry Rubins and the Angela Davises! This is not a figment of the imagination! We reproduce here a small photostat of the official unit patch worn by this secret unit. The colors are green and gold (official Army MP colors;) the insignia consists of a key (symbolizing the concept of internment) and the stem of the key is formed by three characters "C" -- the Roman numerals for 300, designation of the command.

Now, what does all this mean ??? It means that within a very short time - two years at the most - the United States will be railroaded into another global war!

ALL AMERICANS, especially those who have "known the score" all along **MUST** begin working now to keep America out of another world war, a war which would only bleed the best of our population dry and further wreck our already unstable domestic life so that we would then be easy prey for the hordes of the "Third World." America would sink out of sight, as those capable of resistance would be dead, locked away in "detention centers" or fighting in the desert, 6,000 miles away!

Just as the dark clouds of war gather on the American horizon today, just as the money-mad **International Controllers** are preparing for the **BIG SLAUGHTER** of our American people, it begins to look **very similar** to what happened three decades ago.

In the late 1930's the voice of **Colonel Charles A. Lindbergh** rang out across the land, alerting us that the International Controllers, working through their puppet Roosevelt and his "Brain Trust" gang, were pushing us into the meatgrinder, head first.

Those old enough to recall how Col. Lindbergh **spoke directly** to our people will surely want to hear his voice again. More importantly, those who have never heard Charles Lindbergh, especially millions of our young people who **must** be reached by our side, will at last have the opportunity of listening to the words and ideas of a true American Patriot -- **for a change!**
