Fellow Gentiles and Patriotic American Jews!

The primary purpose of my original leaflet entitled, "Fellow Gentiles Of Boston", has been grossly misinterpreted and misrepresented by the enemy press, including the Daily Worker.

These seditious organizations, dominated by a hammer and sickle Gestapo, have been spreading the lie that the American Fascist Union is an anti-Semitic organization. They base their unwarranted accusation on my use of the terms: "COMMUNIST JEW" and "JEWISH MARXIST", citing these as clear proof of my anti-Semitic "complex".

The innocent reader, unfortunately, is being taken in by this trumped-up Bolshevik charge.

I AM NOT AGAINST MEMBERS OF THE HEBREW FAITH as should be apparent to any impartial reader of said leaflet. On the contrary, I stood then - and stand now - against the diabolic Communist plot to use C.P. members of the Jewish faith as an "invulnerable" arsenal in which they may continue to forge the weapons they intend to use to stamp out the last sparks of American liberty.

By being able to cry, "DISCRIMINATION!", these Jewish Quislings are attempting to blind the American people to the imminent slavery which threatens them from within.

LET US ALWAYS REMEMBER, IF COMMUNISM COMES TO AMERICA, IT WILL BE IN THE GUISE OF A "LIBERAL" AMERICAN MOVEMENT!

FASCISM does not mean gas chambers and the like, as the red press would have you believe. FASCISM is an economic philosophy whose value in thwarting the Kremlin's schemes is shown by the vehemence with which the cultureless Reds oppose it.

I leave the fairness of these statements to the countless thousands of patriotic American Jews whose vantage point enables them to see this scarlet menace at work more clearly than others.

LET US AWAKE NOW, FOR THE TIME IS RUNNING OUT!
