ALBUM 11

HERITAGE by Ralph Bradford

\$3.00

This is an epic poem of inspirational quality. Mr. Bradford traces metrically and impressionistically the origin of man's implements and institutions. HERITAGE celebrates the physical, cultural, political, and spiritual legacies bequeathed to us by the labor and sacrifice of those who have gone before. It also assays the present state of that endowment, and indicates what must be done to preserve it for ourselves and our posterity.

ALBUM 12

HOW TO ADVANCE LIBERTY by Leonard E. Read **\$3.00**

The understanding and practice of freedom has lost and is losing ground to socialism, in the U.S.A. as elsewhere. This trend will continue unless there is a radical shift in methods on the part of free market, private property, limited government devotees. Liberty can be advanced only if her protagonists employ techniques consistent with individual liberty. This Seminar Lecture outlines these techniques.
