are responsible for allowing the apostate Clergy to teach the Jewish Fables of Satan instead of the soul elevating truth of God's immutable Law. The professing Christians of this and other generations must stand indicted before Jesus Christ for the murder and plunder of America.

The third class of people responsible for the plunder of America are the politicians and elected leaders at all levels of government. Next to the Clergy, the professing Christians, the politicians or leaders of Civil Government must stand guilty for the murder of the American nation. The Word of God, the immutable Law of God established in the Bible, indicts the politicians right behind the Clergy and the Christians, as being responsible for the plunder and destruction of America. Civil leaders of Government are classified as ministers of God's Law. When they fail to administer God's Law, they are responsible for the murder and plunder of a nation. Our elected Civil Government leaders have failed to administer God's Law in America at every level of government. They stand indicted and guilty before Jesus Christ. They are directly responsible, immediately following the Clergy and professing Christians, for the plunder and destruction of America. The Word of God clearly indicts the Civil Leaders of Government as the third class responsible for the preservation of a nation under God.

Finally, the last class of people responsible before God for the wasting and plundering of this nation are the common people. These are the citizens of a country who make no profession of Faith, who claim no religious allegiance to Jesus Christ, and make no profession of belief in the Holy Bible. They are responsible before God for their failure to maintain the Laws of God, but they are last and least accountable of all citizens. Because they are unbelievers and are uncommitted to the truth of Jesus Christ and the Bible, they are held least responsible before God. They are responsible, however, and must stand indicted for their failure to uphold the Law Order of God.

What is our hope in America in this time of peril and danger? What can we do? What must we do? The Clergy of America must be indicted by the professing Christians and brought to trial! The Clergy must be brought to trial and tried for treason against Jesus Christ. Those who repent publicly, and who vow and pledge to teach the Knowledge of God's Law, and who profess a belief in that Law should be allowed to preach and teach God's Law to the people. Those Clergy who will not repent of their capital crimes before God, who will not profess a belief in the Law of

God, and who refuse to recant of their apostacy, must be tried for treason against Jesus Christ by the professing Christians of their particular denomination, and if found guilty, they must be put to death. The Clergy of this country must be brought into accountability. This is the first and most important step in redeeming our country.

Secondly, all professing Christians should gather in their respective places of Worship and be taught the entire Canon of Biblical Law! After careful instruction in that Law all Christians should make a confession of their failure to keep this Law, and following Godly repentance they should set about to make restitution before God. Restitution should be to first and foremost see that the members of the Clergy are vowed and pledged to believe and teach God's immutable Law to the people. Secondly, the Christians should immediately set about to see that God's Law becomes the Law of this country and to make sure that every law standing contrary to God's Law be declared null and void. Christians should then proceed to make restitution by demanding that the Civil Servants of Governments at every level observe and enforce the Law of God. For example, the following laws would be immediately enforced throughout America and would be the Biblical means by which restitution to God could be made and the redemption of our Country could take place.

- 1) All Crimes which are classified as capital crimes against God and which carry the death penalty would be enforced. This would mean that all persons who have been convicted of the following crimes would be put to death: Convicted murderers, rapists, sodomites, and all others guilty of Capital Crimes as outlined in Holy Scripture would be put to death. The prison population of America would be greatly reduced and eventually all Federal and State Prisons would be closed down. All criminals guilty of Capital Crimes against God would be put to death. All criminals guilty of non-capital crimes would be forced to make restitution for their crimes and returned to society.
- 2) The Alien invasion of America would be halted immediately and all aliens would be asked to return to their native country. They would receive just compensation for their property less any loans or welfare assistance given them by the United States Government. All third world aliens would be required to prepare for deportation immediately following the institution of Bible Law in America. All those unable to provide transportation costs to their native country

would be exported out of the country at taxpayers expense. The borders of America would be sealed up to all aliens and conviction of illegal entry into America would carry the death penalty. America would be closed to all immigration excepting those people with Caucasian European background. All property and jobs presently in the hands of foreigners would return to the native American-born people.

- 3.) The Government of the United States of America would break all diplomatic ties with the Zionist State of Palestine and all foreign aid would be cut off and all military and technological aid would be terminated forthwith. All foreign aid to Communist Bloc Countries, in whatever form, would be ended and all loans to the third world nations would be recalled. A review of all foreign aid would result in the cancellation of all aid to any country not in the family of White Western Christian European American culture. All food and technology shipments to the Soviet Union would be suspended immediately.
- 4.) The Federal Reserve System would be abolished and the National Debt presently owed to the International Banking Monopoly would be cancelled. Interest bearing money would be cancelled and recalled, and only Constitutional Script, non-interest bearing money, would be placed into circulation, backed by the wealth and productivity of the United States of America. The entire banking system would be restructured and all money would be required to meet the Biblical standards of genuine weight and measure. The American people would be allowed to pursue a Biblically based money system where the private banking monopoly now holding the power of life and death over our nation would be ended. The present policy of expanding and contracting the money supply, which results in a bankers' harvest of debtors, would be abolished.
- 5.) The military conscription of all able bodied males, twenty and over, with exemptions given only as prescribed by Biblical Law would be initiated throughout America. All males would be required to spend a specified time in the military service of the country and a citizens army based upon Biblical Law would become the new defense policy of America. Every male, twenty and over, would be required to be proficient in the use of arms and would be required to be armed in his home, and would be required to take annual training to remain proficient in the use of government arms. America would be protected by the best trained, the best disciplined, and best equipped citizens' army in the world. No enemy would dare tread upon the sacred soil of this land. Every Citizen Soldier

- would be required to know Biblical Law, and would be vowed and pledged to Jesus Christ, Christianity, and America. War would be waged only as outlined per the Holy Scriptures. America would be prohibited from entering into any way which is outside of the Biblical Law requirements. This would mean that both World War I, World War II, Korean and Vietnam Wars, were unChristian and would be proclaimed so to the American generation now living. Restitution before God would be made wherever possible. It would be especially important for America to apologize to the German people for American involvement in both the first and second world war.
- 6.) All heathen gods and pagan religions as per Biblical Christian Law would be outlawed in America. All heathen temples and pagan religions would be terminated and Christianity as defined by the First Seven Christian Councils of the historic Christian Apostolic Church, A.D. 52 through 680 A.D., would be the Religious Faith of this land. Christianity would be the declared religion of America and all separation of Church and State would be ended. The Laws of the Bible would be taught in every Church in the Land and would be supported by the tithes of the people. There would be one National Cathedral or more, erected in every State within the United States, and this building would be located at the State Capitol where all Civil Servants would be in constant reminder of their duty before Almighty God. The Church bells of America would ring out the truth of God's Law across this land, and there would be One God, One Faith, and One Law, based upon the Holy Scripture that would be the Law of this Land.
- 7.) The Judicial Branch of Government would be brought under the authority of scripture and every Judge would be required to take an oath to uphold Biblical Law. The judgment meted out in all cases at law would be the judgment of the Scripture. All judges would be required to meet qualifications as outlined in the Bible, and all sentences and trials would proceed as demanded in Holy Scripture. All judges refusing to take an oath of allegiance to Jesus Christ and the Bible would be turned out of office. Justice under Biblical Law would be speedy and just, following the exact procedure outlined in the Holy Scripture.
- 8.) The Government at all levels would be supported by the TITHES collected from the people, and all people would be required to pay the tithe or be denied the blessings of God as per Holy Scripture. All other forms of tax collection, including the direct income tax, the property tax, inheritance tax, excise
