

Why don't you simply join American Atheists? In that way you get a *Newsletter* each month to keep you up on all the activities. Or just subscribe to the *American Atheist* magazine to educate yourself on the history, personalities, and current news of Atheism. Did you know Thomas Edison, Margaret Sanger, Mark Twain, and Clarence Darrow were Atheists? The magazine is full of the heritage of Atheism. Did you know that the first fighters for freedom of speech were Atheists? Did you know that the first fighters for freedom of the press were Atheists? Our history reaches back to the very beginning of the United States — and then to England in the 1600s, to France, to Germany, to Italy. It's simply thrilling to learn about the brave men and women who have carried the banners of Atheism.

All we can do right now, for those of you who are not subscribers or members, is to try to get these little book advertisements to you so that you — at least — have these books to buy and read.

What else can we do? You have to make the move.

Recently a letter was received here from one of you which said, "Hey, what happened? I sent you a contribution to help with that suit and then I never heard anything again."

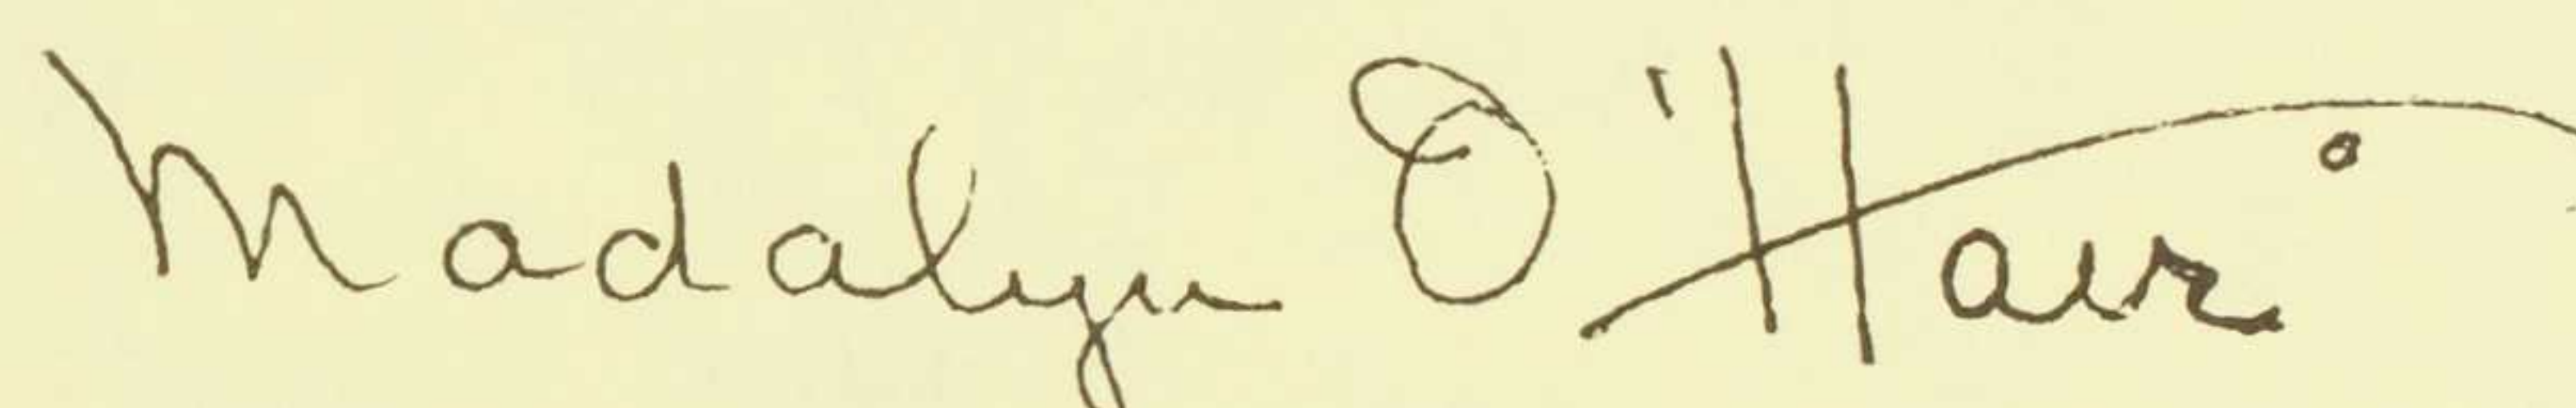

That's our problem. How do we keep you up to date? How do we absolutely "Thank you" for contributions that you make from time to time? And that's when we get back to the mailing/subscription/donor/membership/meeting attendees list. We simply can't afford that \$4,250 postage bill to update you on a regular monthly basis unless you are a member or subscriber. That's why we contact you only occasionally and offer you books for sale. And on particular fights, that's why we ask you to help monetarily if you can.

Right now, we could use some money in the Legal Fund. There are so many state/church violations that we finally just hired a full-time attorney who works right here in the American Atheist GHQ. Paying a salary to him is less expensive than hiring attorneys at the \$150 per hour going rate. But we still need to pay court costs you wouldn't believe, and for transcripts of records, and for depositions — and, of course, for salary.

Will you please help again?

And do consider just signing up for the magazine, or becoming a member? Anything — and everything — you do will help.
