

hours a week and a full hour on Sunday in color. But people do not know me. I am a new face and voice to thousands, but the letters are beginning to come. People want information and they are concerned and some are frightened. Our duty is to reach them with the truth, the teachings of the blessed Word of God to carry on this great ministry that God has put upon us both.

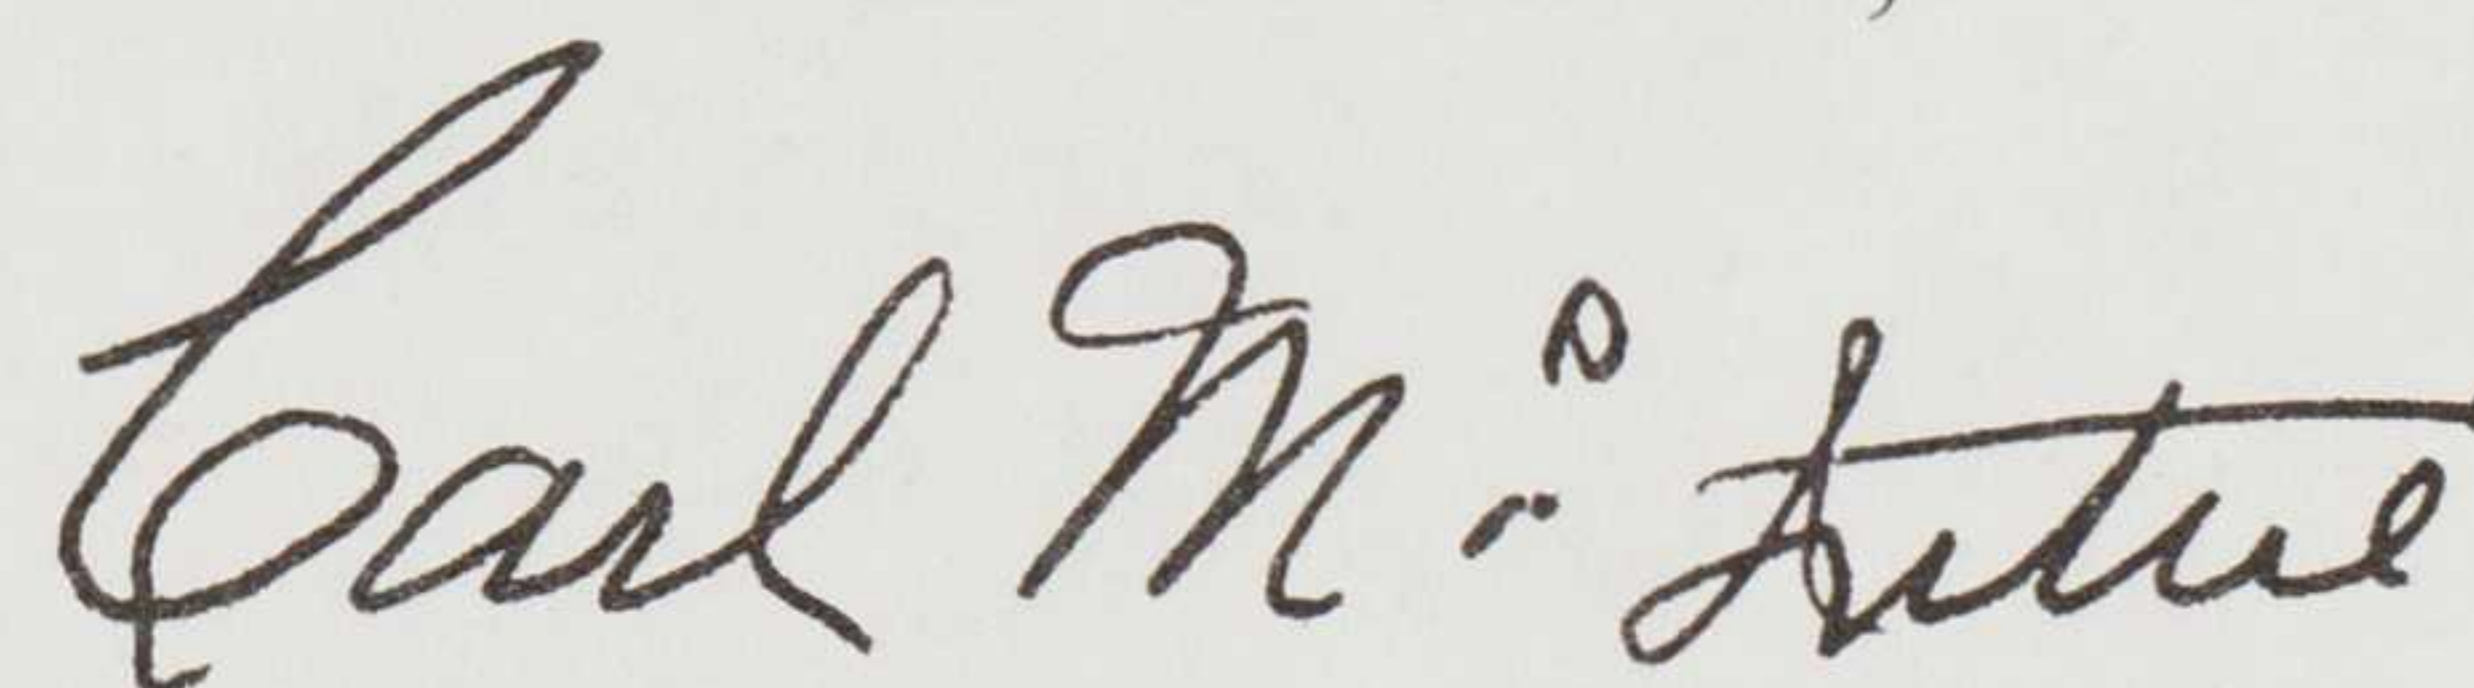

Please, I ask you, let us have your regular, faithful giving. This business of these scholars saying that Jesus is not coming back really plays into our hands. Here are these professors from the mainline seminaries and schools of religion in these universities who are nothing but pagans.

One reason that this is so good is that it puts all these New Evangelicals on the spot who are a part of the National Association of Evangelicals which does not take a stand. When it was formed in 1942 they refused to put in their statement belief in the inerrancy of the Bible, of the Holy Scriptures, which is the prime issue. They refused also to put in any statement on the purity of the Gospel and the purity of the church. These two items have been in the contest and conflict and they have evaded these matters all these years, but they did say Jesus was coming back. Now they are all in a position where they cannot evade this pluralism and inclusivism and apostasy.

All of this has happened now and the Lord is shifting and sifting the hearts of men.

This ministry which we have is of the Lord, and it has been sustained all these years. Now with the TV, God has set before us this open door. It is glorious and wonderful. Please, please come and join us in every way you can. This is my special letter. I trust you will readjust a lot of your affairs and help us as much as you possibly can. We are right on target. We are right up front and I need you alongside of me every day. Thank you and let me have some word right away.

Yours in Christ,
