Dear Christian Friend,

FEB. 1964

A very good friend of yours has asked us to send you some sample copies of our literature. We hope you will enjoy reading them. If you should desire to have your name on our mailing list, then please print or write plainly, your name and address at bottom of this page and return it to us. There is no charge for our publications.

We have been publishing this monthly paper and sending it out all over the world, for about twenty five years; beside that, we have some 25 or 30 tracts and booklets covering various doctrinal subjects which we keep in circulation, and many of them have been translated and published in foreign languages, yet we have never asked any man for a donation, nor taken an offering for ourselves. God has wonderfully supplied the finances for every need, through spontaneous and voluntary contributions from our readers.

We belong to no sect or denomination. We simply call ourselves "Christians." We see One Church, One Body, One Lord, One Faith, One Baptism. We see the error of the sectarian-denominational system, which can never in a thousand years bring the Church together in unity; and our Lord Jesus Christ will have a united Church, purified, and without spot or wrinkle.

This means only one thing: that He will call his people out of the apostate sectarian system, and appoint over them one head, even the Lord Jesus Christ, and bring them to a fat pasture, as prophesied by the Prophet Ezekiel.

If you are interested in further literature along this line, just fill in your name and address hereon, and return this slip to us.

In Christian Love,
