

Ronald Reagan

Dear Fellow Conservative:

Just a brief note to commend the efforts of Americans for the Reagan Agenda Fund. Your work is well known to me. You have given the Administration an important boost and helped us to fulfill the campaign promises of 1980.

Though our task of rebuilding this nation's economy and thereby restoring prosperity to all our people is far from finished, the job is well underway. The ARA Fund is helping to make it happen, and I pledge to you that, working together, we will complete this job.

Please accept my sincere appreciation for what the ARA Fund has done and is doing on behalf of the American people. I want you to know that my thoughts are with all of you and that you have my best wishes in what you are doing.

Cordially,
