

Madam, Madam
October 10, 1984

Dear Mr. Hoag:

I am the president of the Museum

Recreation Protection Council, an organization
two years old that is primarily concerned
with the negative impacts of metals
mining. There are many in our state

who have brought metals mining
to a halt while work is being done
to get better laws for mining. It is

an up hill battle. Corporations are
powerful, but so are concerned people
if they act.

I'm not sure just what help you

want so I'll send our brochure of
what the W. R. P. C. stands for. I hope
this helps you. We have been very
active on the mining issue for
nearly 10 years so we have had lots
of experience. Let us know how
we can help. Don't give up!

Sincerely
Raele Chubb
