WORKERS' OPPOSITION

P.O. Box 09188, Stockyards Station, Chicago, Illinois 60609

Fellow Workers:

We know from the experience of leafletting factories that no matter how well written or how well received a leaflet is, getting an immediate response is something else.

We've sent you this magazine as if it were a leaflet, but we can't afford to be in your mailbox with the next one unless we get a prompt response from you.

This first issue we've paid for out of our paychecks, but we never had any intention of that being a continuing situation. So, we need your subscription of \$5.00 to cover this and subsequent issues. And we look forward to more than just your money—read the inside front cover and see if there's anything you can help with.

Graham Tynken
