REBELLION TO TYRANTS IS OBEDIENCE TO GOD.
Thomas Jefferson

I, _____, affirm that my conscience spurred by deeply held moral, ethical and religious beliefs will give me no rest or peace if I were to aid or abet or be any part of an unholy war such as the plots of James Earl Carter, Henry Kissinger and Menachim Begin to sacrifice the innocent lives of the helpless American captives in order to lie, push, enslave and literally murder America into another war in the service of the anti-Christ beast systems of Bolshevism, Communism and Zionism.
