America's Christian Heritage?

Dear Friend,

I'm writing you this personal letter because I'm deeply concerned about America's survival as a free, Christian nation...

...over the last few decades the anti-God humanist and atheist leaders in this country have abolished our Christian heritage.

And our children are forced to grow up in a nation where more and more internal and external attacks are made on our independence, prosperity, and faith.

What a shame!

That's why I'm announcing a brand new and much needed campaign in America:
