

going, I don't know if we can afford to.

These people have plenty of money and plenty of free legal services to support their suit. They hope to drain our finances and tie up our Law Center attorneys with more legal paperwork than we can do. We are forced to defend and take depositions all over the country and in England.

Every dollar we have to defend your AFA comes from generous individuals like yourself.

And while we have our own lawyers, the expenses will still mount up. This is what these radicals want. To consume our time and money and thus shut us down.

That's where I need your help.

Give me the financial support I need to defend myself and your AFA adequately in court.

Your AFA Law Center will take care of all the research and legal work. But that work takes time and money. And because this lawsuit was filed in New York, there will be a lot of travel and related expenses to cover.

You helped me fight Wojnarowicz's lawsuit and win.

You helped me fight the *Playboy*/Kmart lawsuit and win.

Today I'm hoping you will help fight this lawsuit by these extremists.

This one may be the most critical of all. If we fail to meet them head on, they will think they can drain our limited funds through extended legal battles. They will pile one lawsuit on top of another until our AFA funds are exhausted.

Don't let Norman Lear's **People for the American Way** and the ACLU win by default!

Please give a contribution to our Legal Defense Fund. It seems more and more of our foes think they can intimidate us into silence through frivolous lawsuits.

God allowed us to open the Law Center just in time. If we didn't have it, we would be out hundreds of thousands of dollars in legal fees by now and perhaps on the way to bankruptcy.

Send \$25 — \$35 or \$50 — for our Legal Defense Fund.

Give us the means we need to do battle in court.

You know, your AFA's effectiveness is really a direct tribute to you. After all, you give the financial support for our work. You say the prayers that give us spiritual support. You carry out our many projects.

So when these extreme leftwing groups attack me and your AFA,

... they are really attacking you, trying to intimidate you, trying to bully you into silence.

Don't let **People for the American Way and the ACLU beat you. Fight back against these radical groups.**

In closing, let me tell you once again how much and how often I thank God for you. It truly is a comfort to know I can come to you in a crisis like this and feel confident you will help me. You are a good and loyal friend. You mean more to me than you know. God bless you, friend. And thank you.

Sincerely,

Donald E. Wildmon

P.S. For 15 years I have fought this fight under increasingly heavy pressure. Yes, I am tired of fighting. But I give you this pledge. No matter how tired I get, I will continue to fight with all the energy God gives me for our children and our children's children as long as I can depend on your support. Thank you so very much for your support in the past which has made it possible for me to fight. Please remember me in your prayers. I need them now more than ever.
