UNCLE SAM WANTS YOU...AGAIN! (continued)

Furthermore, such a military system would require NO draftees.

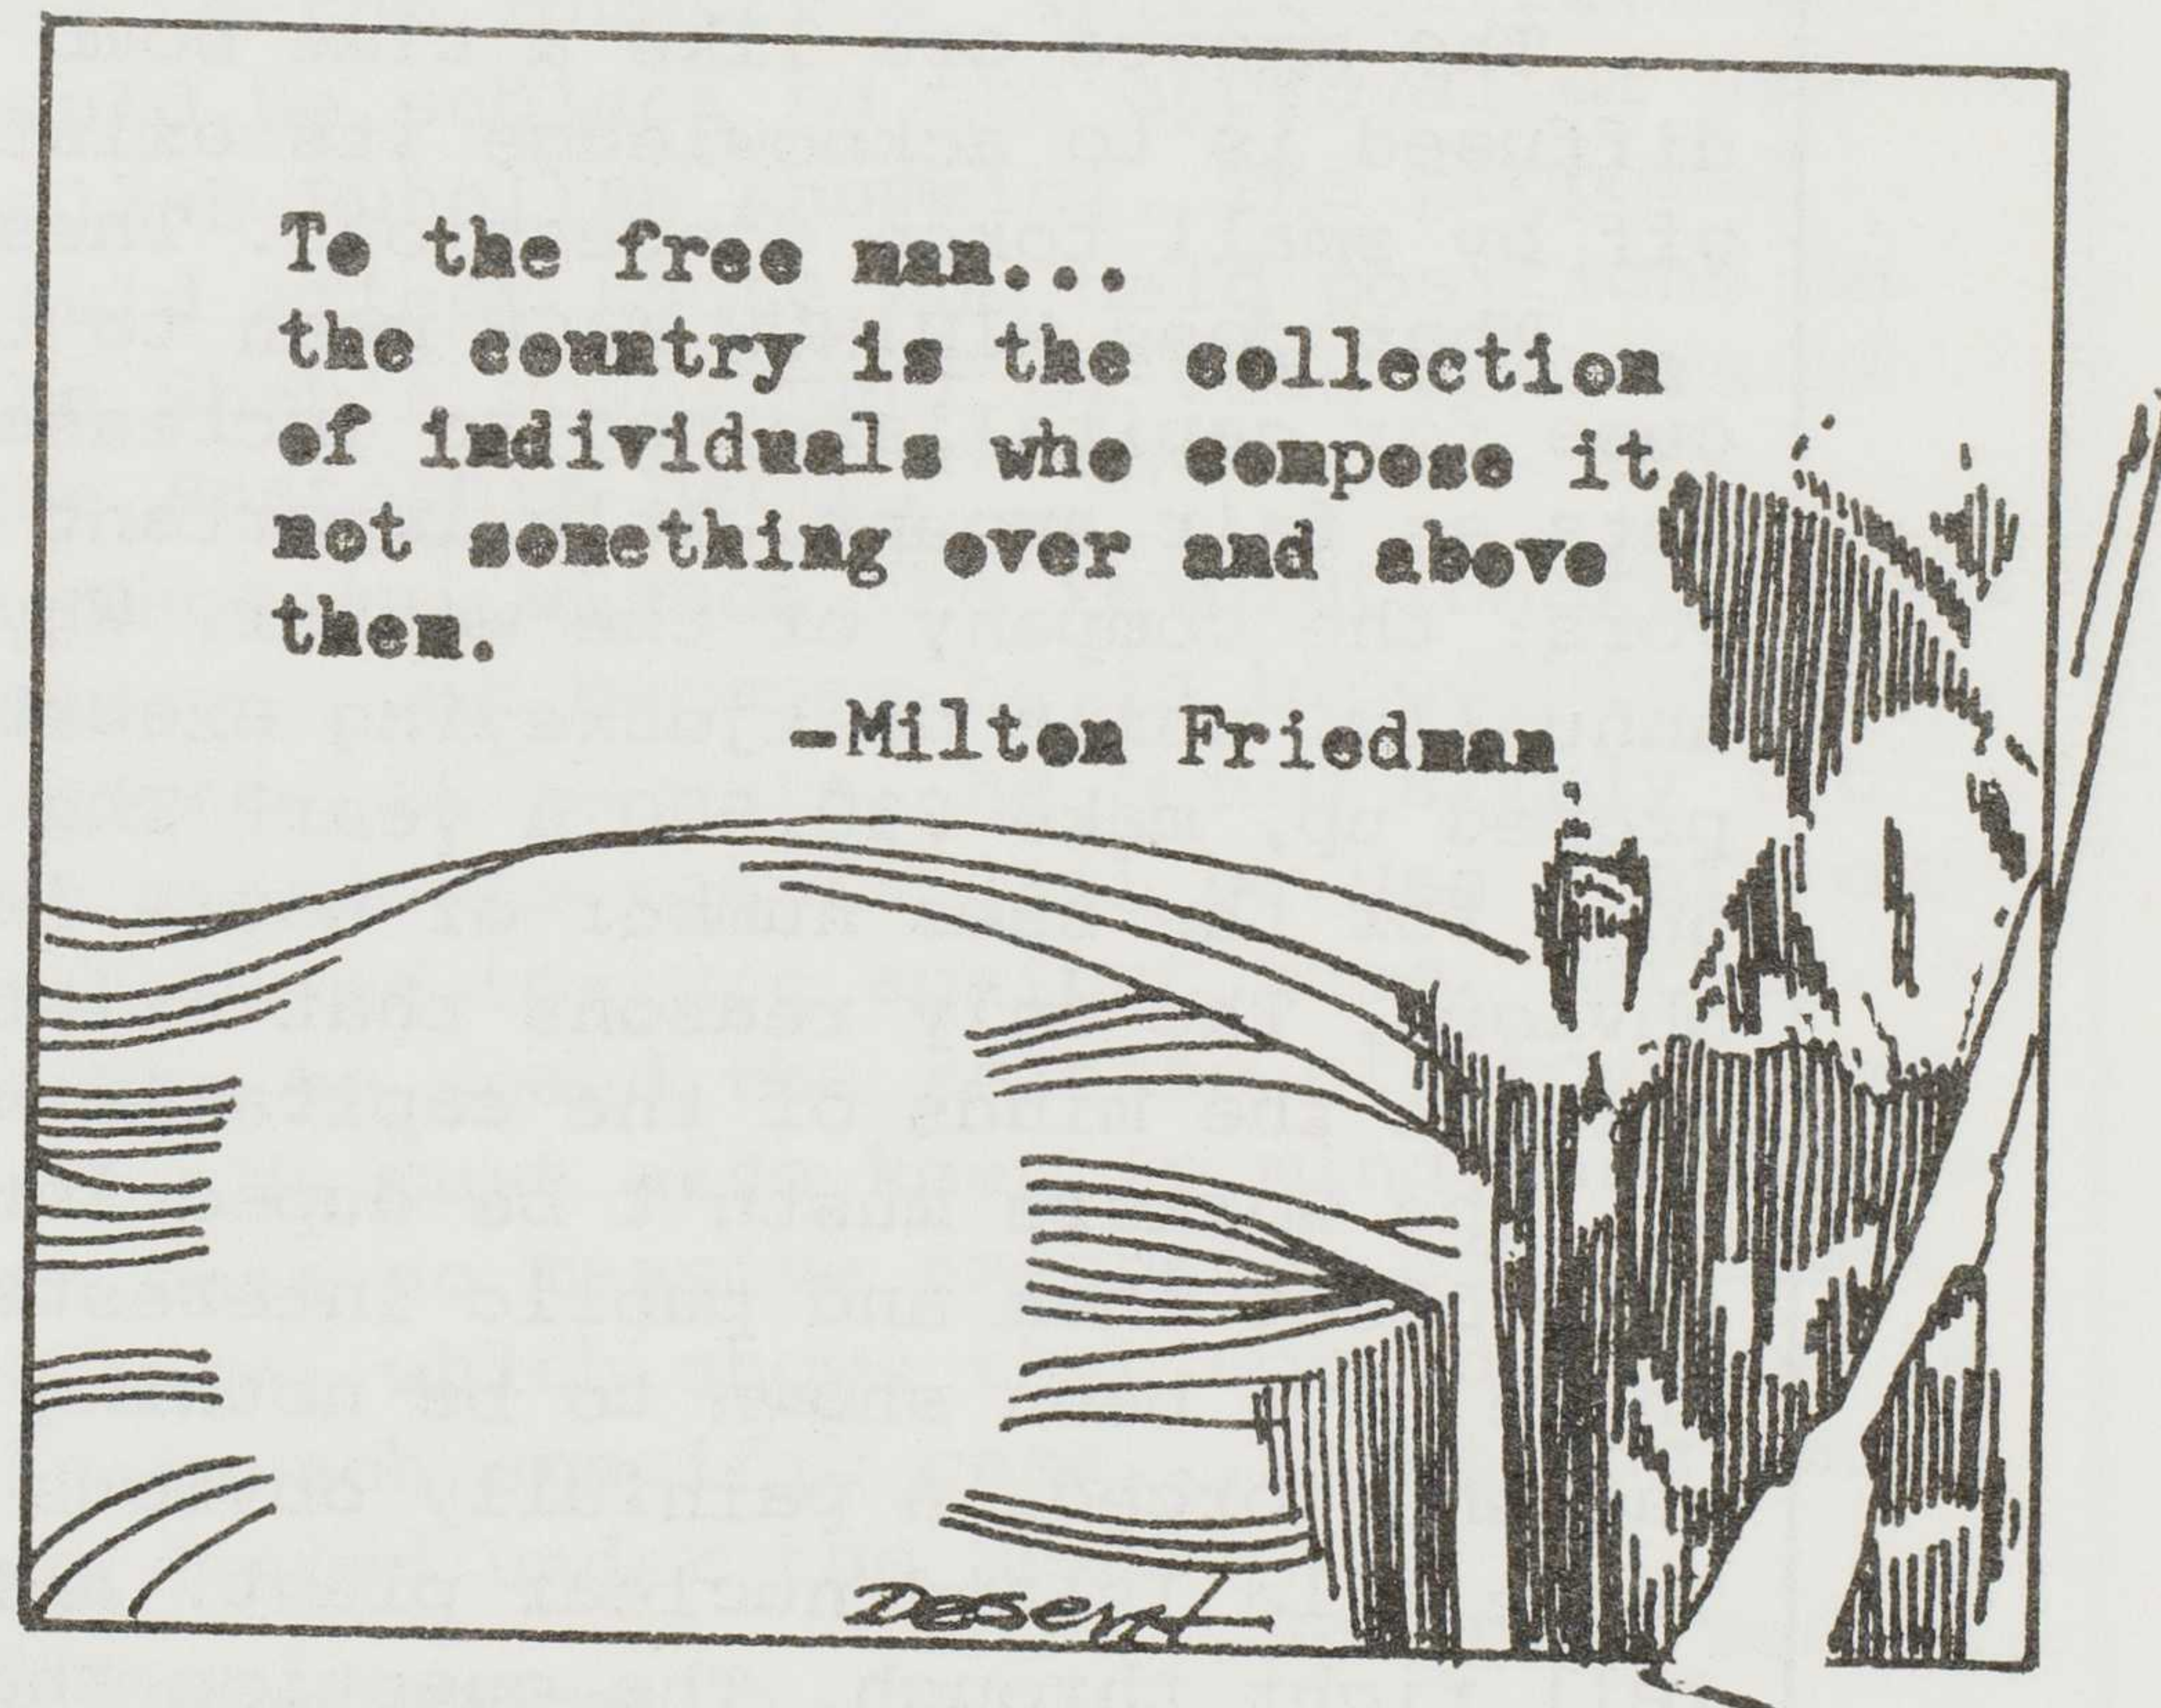

If the draft is reestablished, the Vietnam embittered public will spit it back in Uncle Sam's face.

By training a small group of elite soldiers and improving equipment, difficult yet sound tasks in themselves, would seem the best alternative. This would provide a strong defense and cut money for military taxes instead of raising them...as the draft would do.

Seth McKee.

To the free man...
the country is the collection
of individuals who compose it,
not something over and above
them.

-Milton Friedman

ANARCHISM'S BLACK MISTIQUE

There is black mistique which clouds the philosophy of Anarchism. I was at first reproached by it...just as you, the reader, possibly are. But once I took the time to actually discover but a small part of the philosophy's depth, I understood. Anarchism's gloomy reputation was dispelled as I read for myself the first bits of its backgrounds. Its wholesome philosophy philosophy had shown clear through the popular prejudices to eliminate a great many of my apprehensions. Some apprehensions remain. But I must read on as you should begin to. The passive benefits of Anarchism should be examined as a possible new way...fostering new unforeseen thoughts and humanitarian ideals.

Please have your interests take you towards being truly informed.
