

The
WILDERNESS SOCIETY

1901 PENNSYLVANIA AVENUE, N.W., WASHINGTON, D.C. 20006

March 1975

Dear Friend of the Wilderness:

This year, the American Wilderness Stamp Series celebrates the 40th anniversary of the Wilderness Society — the effective conservation organization dedicated to the preservation of wilderness and nurturing all our great natural resources.

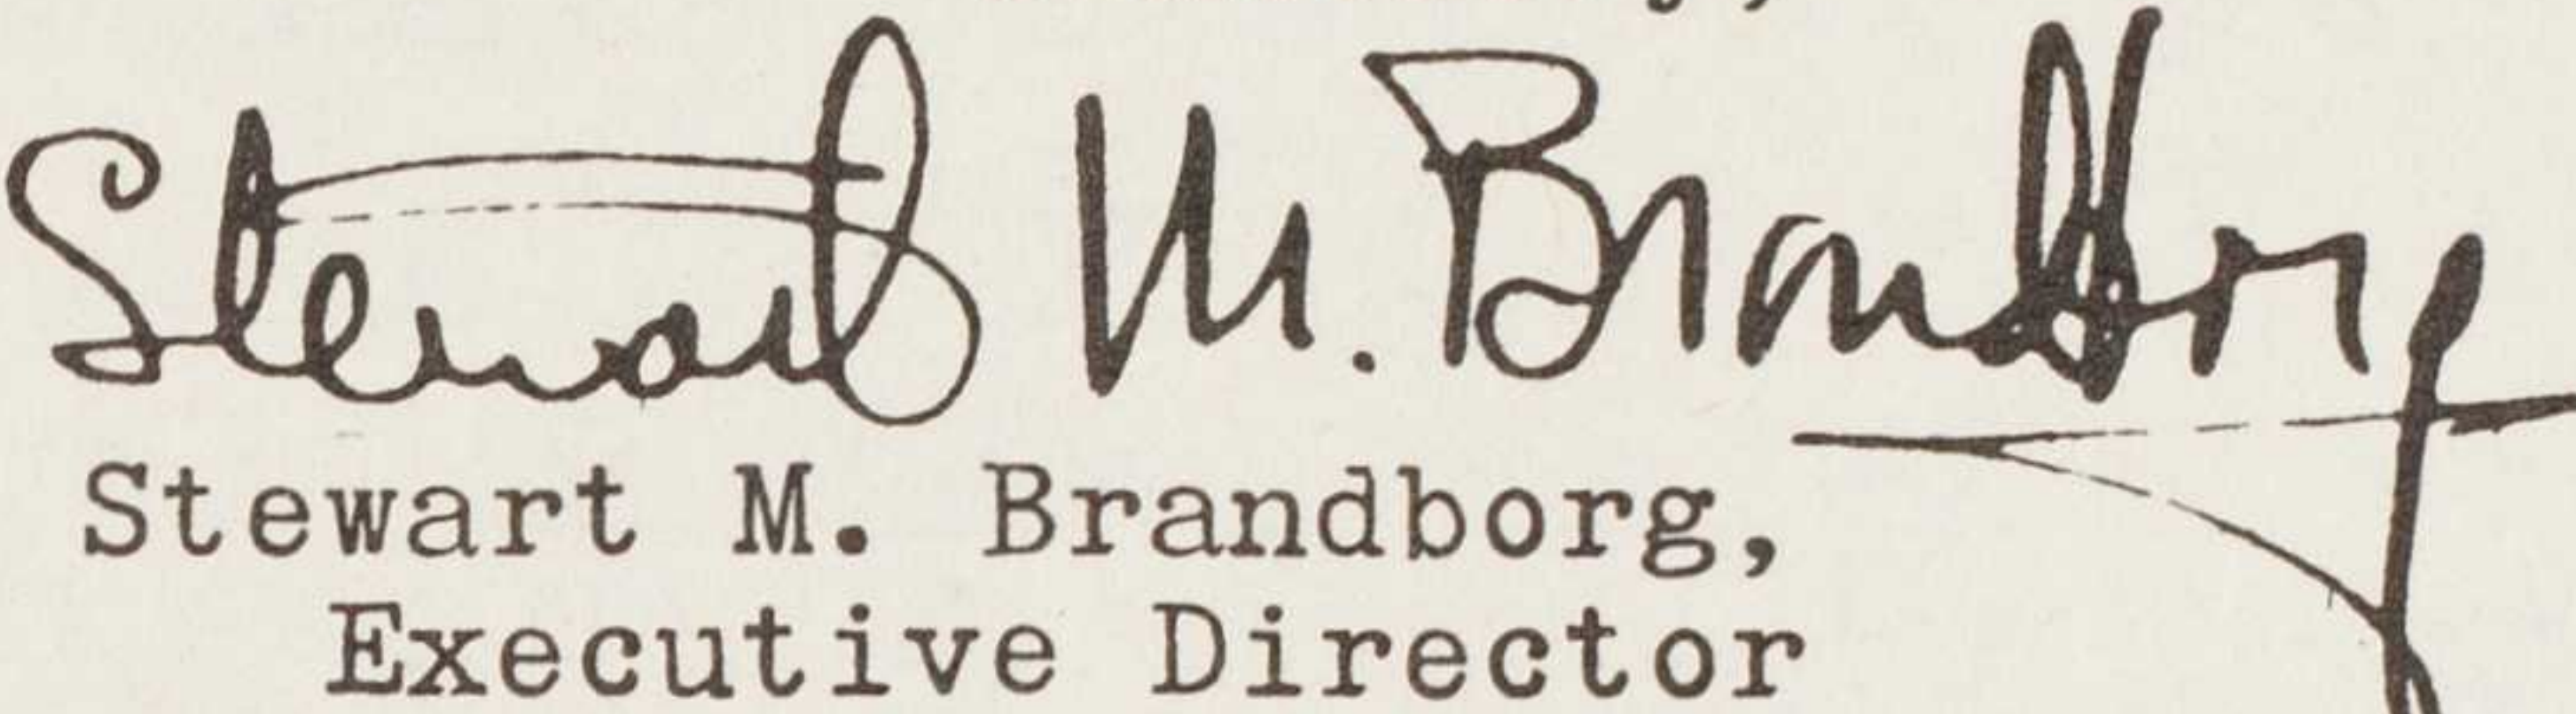

The summary on the reverse side shows some of the accomplishments and plans made possible by your stamp contributions in 1974.

And we are asking you to help us continue this fight for "the Freedom of the Wilderness" by contributing one dollar or more to The Wilderness Society. Your donations are tax-deductible.

Make a commitment to your nation's future by donating dollars and by using your stamps on letters, packages, cards . . . etc. You'll demonstrate your appreciation for your land, and help others be aware of the extraordinary wild world around them.

Thank you.

Sincerely,

Stewart M. Brandborg,
Executive Director

P.S. Share your love of the wild with your friends. Enroll them as active members in The Wilderness Society so they too can receive the many benefits while helping preserve America's natural heritage. Return your tax-deductible contributions and Gift membership applications today.
