At Heinz U.S.A., we think a winning team needs team players.

In basketball, it's usually the high scorers who get the press clippings. And understandably so. But it's also important to recognize the value of team players who can pass off the ball at the right time.

We like to think we're team players who are ready and willing to help make our community a better place for everyone.

Our participation is wide ranging—food donations to community service organizations, financial support for many worthwhile programs and projects...and involvement in vital programs ranging from the United Way to Children's Hospital to Sickle Cell research and treatment to job training to sponsorship of youth groups.

We're proud of our hometown and its people...and proud to be team players in the effort to make it an even better place to live.
