

Your federal government (P. P. WILLIE doesn't claim it) plans to spend \$ 234 MILLION during the next two years to move 6,000 welfare receivers into middle class, mostly WHITE, neighborhoods around the country. The idea is to force the welfare receivers into the middle class suburbs and thus, by association, make everyone equal. This "SOCIAL EXPERIMENT", at taxpayers expense, will take welfare receivers and force them to live with those who are forced to pay taxes to pay for welfare. The dream is to end welfare as we know it without causing ETHNIC CLEANSING.

Lets see, \$ 234 MILLION divided by 6,000 comes to \$ 39,000 per welfare receiver. That sounds like a lot of extra money for those who pay for welfare to fork up. P. P. WILLIE has a program to reduce this expense. It is based on the highly successful program known as "ADOPT A HIGHWAY". To reduce the cost of cleaning up our nations highways after our grand and glorious slobs trash it, local groups, associations, etc., adopt a section of the highway and regularly go out and pick up the litter that our slobs throw out of their automobiles, trucks, carts and wheelbarrows. Each group gets to have a sign on their section that lets everyone know who is keeping it clean. The cost is nil and it works. The volunteer groups do a better job than the state employees and prisoners who used to do it.

Since the federal government, its elected leaders, employees and the LIBERAL bleeding hearts are responsible for this SOCIAL EXPERIMENT, let them volunteer to "ADOPT A WELFARE RECEIVER". Let them take a welfare receiver into their home, at no cost to the taxpayers. Most all of those well paid and/or wealthy do-gooders have one or more spare rooms, garage apartments, second homes - they can let a welfare receiver move in, free of charge. This will also prove highly beneficial to these LIBERALS in that they can learn all about welfare receivers, their life style, habits, good and bad points. Their children, parents, friends and all their neighbors can share in the experience of living in close contact with our wonderful welfare receivers.

This volunteer adoption plan could result in doing away with the differences between the upper and the lower classes and make everyone equal. What could we call this new "EQUAL" class? How about calling them "TOPLESS-BOTTOMLESS-SHAKE-RATTLE-AND-ROLLERS". They could have classes in "RAP", "STREET SHOOTING", "GETTING THE MOST OUT OF FOOD STAMPS" and "HOW TO BE A STOCK BROKER WHILE ON WELFARE." What a wonderful idea! RIGHT ON! WOW!

What would happen if none of these "HIGH CLASS" people, those who want to force this SOCIAL EXPERIMENT on the middle class, don't volunteer? Heaven forbid they wouldn't step forward and wait in line for such an opportunity. But - just in case, we could hold a lottery. Force the do-gooders to register. Have a drawing and the lucky winners get to adopt a welfare receiver. Think of the happy winners, the joy and the prestige. OH, GLORY BE!

If the lottery didn't work and the LIBERALS managed to get deferred, we could give them a TAX DEDUCTION for each welfare receiver they adopt. If we do this, we may have to limit each do-gooder family to one welfare receiver. After all, we want to be fair to the grand and glorious people who want to try this SOCIAL EXPERIMENT. P. P. WILLIE has spoken. HARKEN UNTO HIM!
