# GETTING JEFFERSON STRAIGHT

Box 76,  
Cape Canaveral,  
FL 32920

The following is an Open Letter that was sent to President Carter recently by a person who is intelligently aware of the lies and deceptions that have been practiced against the American people by those who call themselves historians.

BLACK 51st STATE D.C. proposed amendment to U.S. Constitution passed by US Congress, led by Ted Kennedy, signed by President Carter April 22, 1978, is 100% proof that Thomas Jefferson is 100% correct. — (see WORLD ALMANAC)

Dear Mr. President:

With some impatience I write to ask what you plan to do about the misrepresentation on the walls of the Jefferson Memorial in Washington. I refer to the quotation from Jefferson reading: "Nothing is more certainly written in the book of fate than that these people [the Negroes] are to be free." In the next sentence, though it has been carefully expunged from the Memorial's bronze inscription, Jefferson completed his thought. "Nor is it less certain that the two races, equally free, cannot live in the same government."

Q. Why did Zionists in control of D.C.

erase this key 'Jefferson quote'?

It was found that the public mind would not yet bear the proposition.

not call it

HOLIDAY WITH

ALIAS LUCIFER KONG

## a Holiday for Jefferson

AMERICA = 240 MILLION WHITES

Twenty-five million Negroes completely integrated into our White society would destroy the institutions which were designed solely for White people over two hundred years ago by our forefathers. Men such as George Washington, James Madison, Patrick Henry, and Thomas Jefferson were slave owners and RACISTS. Evidence shows that although Washington hated slavery, he was more fearful of releasing his Negroes into White society. He did re-colonize some of his slaves to Carribean islands.

As many blacks themselves are beginning to realize, they have a separate racial personality and character. Their background, heritage, physical and mental make-up is different. These "awakened" black people want a black culture and more are realizing that this means separation — A NATION OF THEIR OWN!

Lincoln said, "... we suffer on each side." Can you imagine the heartbreak and despair of the tens of thousands of White mothers who must watch Big Brother ship their children to black "jungle" schools miles away? Or the confused and angry black mothers screaming epithets about "racism" when their children fall behind the White kids in school? Yes, we both suffer in many ways.

THOMAS JEFFERSON

SPOTLIGHT April 13, 1987

April 13 is the anniversary of Jefferson's birth in 1743. He was elected the third

president of this country. He was the first president inaugurated in Washington.

But why does the System push the "equality" hoax? Because the System is parasitic! At the top is a caste of money-suckers, bleeding America dry. All decisions on internal, national, or international policy are designed

for the advantage of these parasites. Hence the no-win wars, integration, mass pollution, etc., etc., ad nauseam.

AMERICAN HERITAGE MAG, JUNE 1972

THOMAS JEFFERSON There also developed in Jefferson at some period a conviction he could never wholly escape, that blacks and whites must be carefully kept separate. Emancipation of the blacks, he said in his *Notes*, should be accompanied by colonization, whether in Africa, in the West Indies, or in a separate state in the West.

At age seventy-one he wrote privately, and with some bitterness, that "amalgamation" of blacks and whites "produces a degradation to which no lover of his country, no lover of excellence in the human character can innocently consent." And at seventy-seven, in his unfinished *Autobiography*, he wrote, "Nothing is more certainly written in the book of fate, than that these people are to be free; nor is it less certain that the two races, equally free, cannot live in the same government."

"I also found that most of us was no good, and never was any good, and never will be any good. And that's the reason why God's got to come back here and wipe us off the face of the Earth, because we are just no good."

RECAPTURE AMERICA

The First Stars and Stripes: Also called the Betsy Ross flag. The first official U. S. flag recognized internationally and is the flag that resulted from Congressional action June 14, 1777.
