

We urge you to join us in April in Washington, D.C., or on the west coast in San Francisco, Los Angeles or Seattle. As this Administration begins its second term, we need to speak out against the attacks on our rights and dignity, speak up for what is decent and right.

Please indicate on the enclosed form what type of support you or your organization is prepared to give, or contact the coalition at one of the above phone numbers.

For peace and justice,
