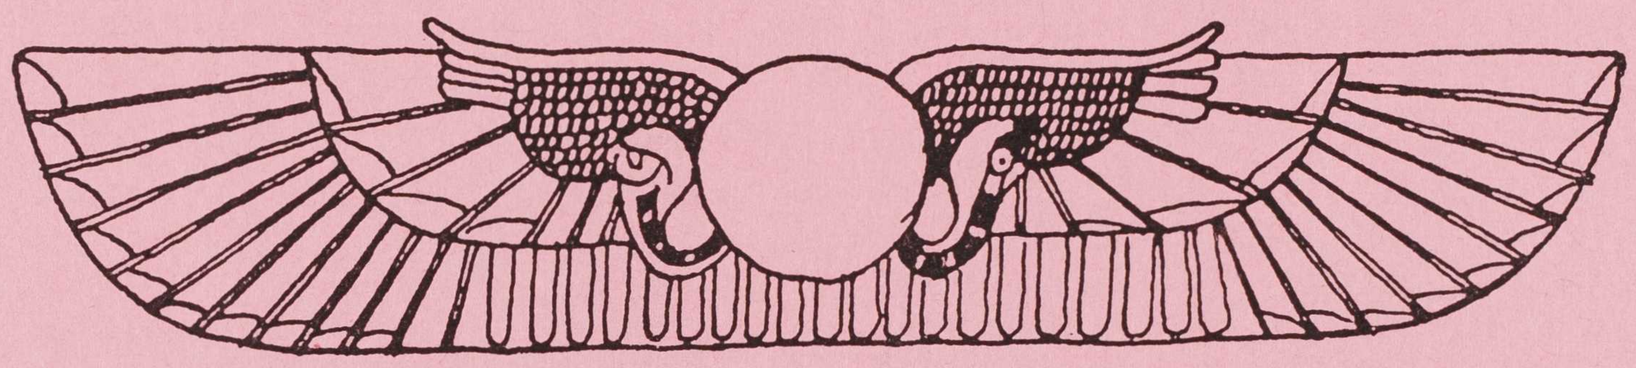
There is a device in Egyptian ornament which the most casual observer cannot have failed to notice...

It is called "THE WINGED GLOBE," and consists of a globe or ball, immediately at the sides of the 'globe' are two asps (snakes, the great symbol of Egypt). Immediately at the sides of the two asps, extend two wings, each wing being in length about five (5) or eight (8) times the diameter of the ball.

The drawing of this device is very grand...

For the force with which the overspreading wings are delineated well represent the protection which the kingdom of Egypt afforded its people.



Winged Sun-disk of Egypt, symbol of the sun-god, with Uraeus, the sacred snake on each side of the falconlike wings.

The priests taught the Egyptians that this was the symbol of protection, and that no evil could enter any dwelling where it was portrayed.

Hence we find that every Egyptian building, whether residence or temple, or government building had this device on the lintel; (the post over the door....

> *"Then Moses called for all the elders of Israel, and said unto them, draw out and take you a lamb according to your families, and kill the passover. And ye shall dip it in the blood that is in the bason, and strike the lintel and the two side posts with the blood that is in the bason; and none of you shall go out at the door of his house until the morning. For the LORD will pass through to smite the Egyptians; and when he seeth the blood upon the lintel, and on the two side posts, the LORD will pass over the door, and will not suffer the destroyer to come in unto your houses to smite you."*

> *Exodus 12:21-23*

Please note carefully --- THERE WAS NO DEATH ANGEL!

The word 'destroyer' is mentioned....GOD ALMIGHTY THE COVENANT GOD OF ISRAEL; YAHWEH in personal presence passed over Egypt in judgment that night..

The 'BLOOD OF THE SLAIN LAMB' is the TOKEN of protection from wrath!
