Dear Brother McIntire:

We have not been hearing you from station WPGL at Montrose, Pa., until the day that you announced that the full amount had been arranged so that you could go that afternoon to make the payment that was required.

I praise the Lord who is the Victor. Greater is He that is in us than he that is in the world. Now we must do something special, along with our praise and worship of the One who has done this great thing for you and all of us Christians. I can think of no better way in doing this than to send in a special VICTORY OFFERING and help pay off the loans, given by all those good people who helped to make up the difference of the amount that was needed.

I am enclosing my check for \$20.00 to show my love and appreciation to the God who never fails His own.

I wonder what they are saying now, those who ask where our God was and why He was not hearing us. Regardless of what they may be saying or even thinking, I am praying that this will be so great a testimony for the Lord that Cape Canaveral will have a ministry beyond our wildest anticipation, as the entire country had been alerted and all attention was focused upon this single spot on the Florida coast. We may have been watching a meal from the bottom and the oil continued storehouse can not be stand together, with against us.

I am sure that He has Canaveral, and may that He unfolds the scroll

We will continue to present offerings of VICTORY offering, also.

Richmond, Va. 22
1-3-75

Dear Dr. McIntire:
Thank the Lord, you and your many thousands of believers, for the Great Victory in Cape Canaveral.

I had the best New Year reception in my life this year, I had you on radio from Iowa, it was just wonderful to hear you say Good night, to offer New Year yours in Christ,
Kenneth Ebel, Sealer.

This is great:
"Save the Cape for Jesus sake"

Dear Dr. McIntire:

Praise the Lord, glory to His Wonderful Name- I could hardly wait to hear of the victory. I just give thanks and praises enough to our Dear Lord and Saviour, Jesus Christ.

Christmas eve night I did not go to bed until 7: a.m. Dec. 25th, I was in prayer, thanking and praising God for the victory as I knew He alone was able to give us the victory. I thanked Him for those who would give to bring the victory. Dr. McIntire I prayed for you I could feel the strain and pressure you were under and I asked God to bless and strengthen you.

Now we know as we assuredly have known a long time that there is nothing too hard for our Lord. I ask the lady I ride to work with if I could turn on to KCTA at 7:30 and I told her -why- I was waiting for the good news seems the Lord had assured me of the victory- Praise His wonderful name- that is all I want to do- is praise the Lord.

Now more than ever, I am looking forward to getting to visit Cape Canaveral in the near future. I know it looks dark in America but those of us who know God is real and He is as near and is as great as our faith is- praise His name.

Keep ON- KEEPING ON FOR GOD AND COUNTRY, Dr. McIntire I'll always be praying and standing with you and Thanking GOD for someone who never knows defeat in the Lord- for He is the all and ever victorious ONE.

GOD BLESS & GUIDE & KEEP YOU in HIS CARE
is my every prayer.

Mrs. Anita Jenkins

Will try to send something for orphans soon
