

The attached are interoffice memoranda smuggled out of the Liberty Correctional by some of the staff. They clearly revealed that LaKeith arrival at the prison was anticipated and was preceded by dangerous slanderous allegations that Sharif was involved in prior violent behavior at previous facilities. Now LaKeith Sharif is being held at the vicious anti-black maximum security Florida State prison in Starke Florida, a semi rural white, prison based economically dependent city. It is clear from the documents that he is facing a politically biased system that is capable of even more viciousness than traditional methods directed at the majority of the African Population.
