

8. The Living Family Trust pays income taxes (like an individual) only on income that is not distributed to BIC holders. Those who receive trust income pay taxes only on what they receive.
9. There is no estate tax to be paid by the Trust upon the death of the trustor because the trust does not die.
10. The assets of a trust are never probated because the trust doesn't die. A Living Family Trust is set-up in contemplation of life not death as with a WILL.
11. The life of the Living Family Trust can be extended indefinitely or terminated at any time by the trustees.
12. The trust can GROW!
