

NOTICE – YOUR URGENT ATTENTION REQUIRED

We must maximize the effectiveness of the resources given to us so generously by our friends. Anyone who wants to receive our newsletter *Washington Watch* may do so free of charge, but we must reserve our mailing list for those who make use of our materials. If you receive this notice, it means that it has been more than 13 months since we have any record of correspondence or other communication from you.

The battles being fought for the American family by the Family Research Council are increasingly complex, broad in scope, and costly. We are engaged at every level in struggles for smaller government, family tax relief, preservation of the institution of marriage, the protection of innocent life, the maintenance of a strong defense, and many other goals.

Although a contribution of only \$15.00 would be appreciated and would cover the costs of sending you *Washington Watch* for a year, this is not a solicitation for funds. **It is merely a request that you indicate your interest in continuing to receive our newsletter by returning the enclosed reply card in the postage-paid envelope or by calling our teleservices operators toll-free at 1-800-225-4008.**

God bless you. Please let us hear from you soon.
