

"And this condition cancels out any analogy between American and Israeli democracy."

ED. NOTE: This shows up the American liars, if any, who go about shooting off their mouths to the effect that "Israel is the only democratic bastion in the Middle East."

THE DECISIVE QUESTION by Fredericus. POLZIN PUBLICATIONS, Box 85, Parkesburg, Penna., has issued a 12-page pamphlet on white paper, attractively done up, discussing in detail the Great Question and authored by Fredericus. Here are some quotations:

Only a simpleton would believe that the attack against the Sinia Peninsula could have been sprung at a moment's notice; that is, a few days after the Polish and Hungarians revolts started... the entire West has now become an object of World Jewry... Here the Zionist doctrines of the "oneness of the Jewish Nation" and the separateness of Jewish culture and historical heritage are being emphasized. Some of the "authority" of the ancient ghetto is being revived by "official Jews" for "disciplinary" purposes and American Jews are being isolated from the normal flow of American life.

This was clearly indicated by two significant developments early last month.

One was the announcement of a new trade agreement between Israel and Russia
