“Should be read by anyone concerned with the American university and its commitment to the free exchange of ideas. The author illumines the crisis of liberal education and offers proposals for reform which deserve full debate.”

ILLIBERAL EDUCATION The Politics of Race and Sex on Campus

Dinesh D'Souza

In this firsthand report from today's deeply troubled American campus, Dinesh D'Souza argues that university policies designed to foster enlightened harmony are in fact promoting ignorance, intolerance and racism. In their attempt to thrust the university into the vanguard of social reform, minority activists have helped to create not a truly diverse multicultural community, but balkanized, race-conscious tribal enclaves with no common moral ground or shared commitment to the goals of liberal learning. *Illiberal Education* must be read by anyone concerned with the future of American higher education.

“This is a bold and controversial work by one of the true fearlessly iconoclastic writers around, as opposed to the fake, a.k.a. fashionable iconoclasts who abound.”

—**Tom Wolfe**, author of *The Bonfire of the Vanities*

“No one will agree with all that D'Souza says, but he has spoken with force, clarity, and a keen eye for the problems that conspire against the American campus being the citadel of democratic fair play, reason, and logic that it has always aspired to be.”

—**William Chace**, President, Wesleyan University

“A truly important book...offers not rhetoric but genuine argument and real case studies. D'Souza's book puts the emphasis where it should be, on educational institutions, and shows in forceful detail just how the New Orthodoxy has come to prevail almost everywhere in American higher education.”

—**William Arrowsmith**, Boston University

Dinesh D'Souza, a former White House domestic policy analyst, is a research fellow at the American Enterprise Institute.
