

ANIMAL LEGAL DEFENSE FUND

1363 LINCOLN AVENUE • SAN RAFAEL • CALIFORNIA • 94901

JOYCE TISCHLER
EXECUTIVE DIRECTOR

Enclosed you'll find the first-ever **ANIMAL BILL OF RIGHTS**. Now you can add your voice to the growing chorus of American citizens who are crying out for animal justice... caring people who believe that the time has come to grant animals basic legal rights!

I urge you to sign this landmark document to show your support for the principle of Animal Rights. I will personally relay your signed copy of the Animal Bill of Rights to the 101st Congress as part of the Animal Legal Defense Fund's ongoing campaign to guarantee legal rights for animals.

Dear Friend of Animals,

These are the faces of animal suffering:

A young rabbit squirms to break free as a "researcher" pries open his eye and pours in a vial of drain cleaner...

...a three-week-old veal calf scrapes his face raw against the bars of his tiny pen. Separated at birth from his mother, he's condemned to suffer a lonely life of chronic disease and malnutrition...

...a red fox gnaws frantically at her leg, working to break free from the steel-jawed trap that's clamped around her bloody, shattered limb. But there is no escape from the trap... or the pain.

There's a simple reason why these and millions of other animals are subjected to daily torment and death: they have no legal rights!

AND WITHOUT LEGAL PROTECTION, ANIMALS ARE DOOMED TO REMAIN HELPLESS VICTIMS OF ABUSE AND EXPLOITATION.

As someone who cares deeply about animal welfare, I'm sure you'll agree with me that the time has come to grant animals basic legal rights!

That's why I'm writing you today -- to urge you to sign the enclosed Animal Bill of Rights and help speed the day when animal rights become the law of the land!

(over, please)
