

Included in this book are four sermons delivered by the Rev. Carl McIntire, D.D., September-October, 1964, to the congregation of the Bible Presbyterian Church, Collingswood, N. J., of which he is pastor. The sermons were then broadcast over a number of stations in the United States and also by short wave around the world.

These messages deal with the New Curriculum used in the Sunday school publications of the major denominations of the United States and Canada.

Beginning on page 48 are photographic reproductions of some of the material plus news stories from several Canadian newspapers. These are reproduced as evidence.
