

Our enemies, too, know how effective the ZOA is. The most prominent Arab-American lobbyist, **James Zogby**, recently complained that the "vocal and muscular" ZOA has "risen like a phoenix" and has "forced newspapers to change maps, forced politicians to change their votes."

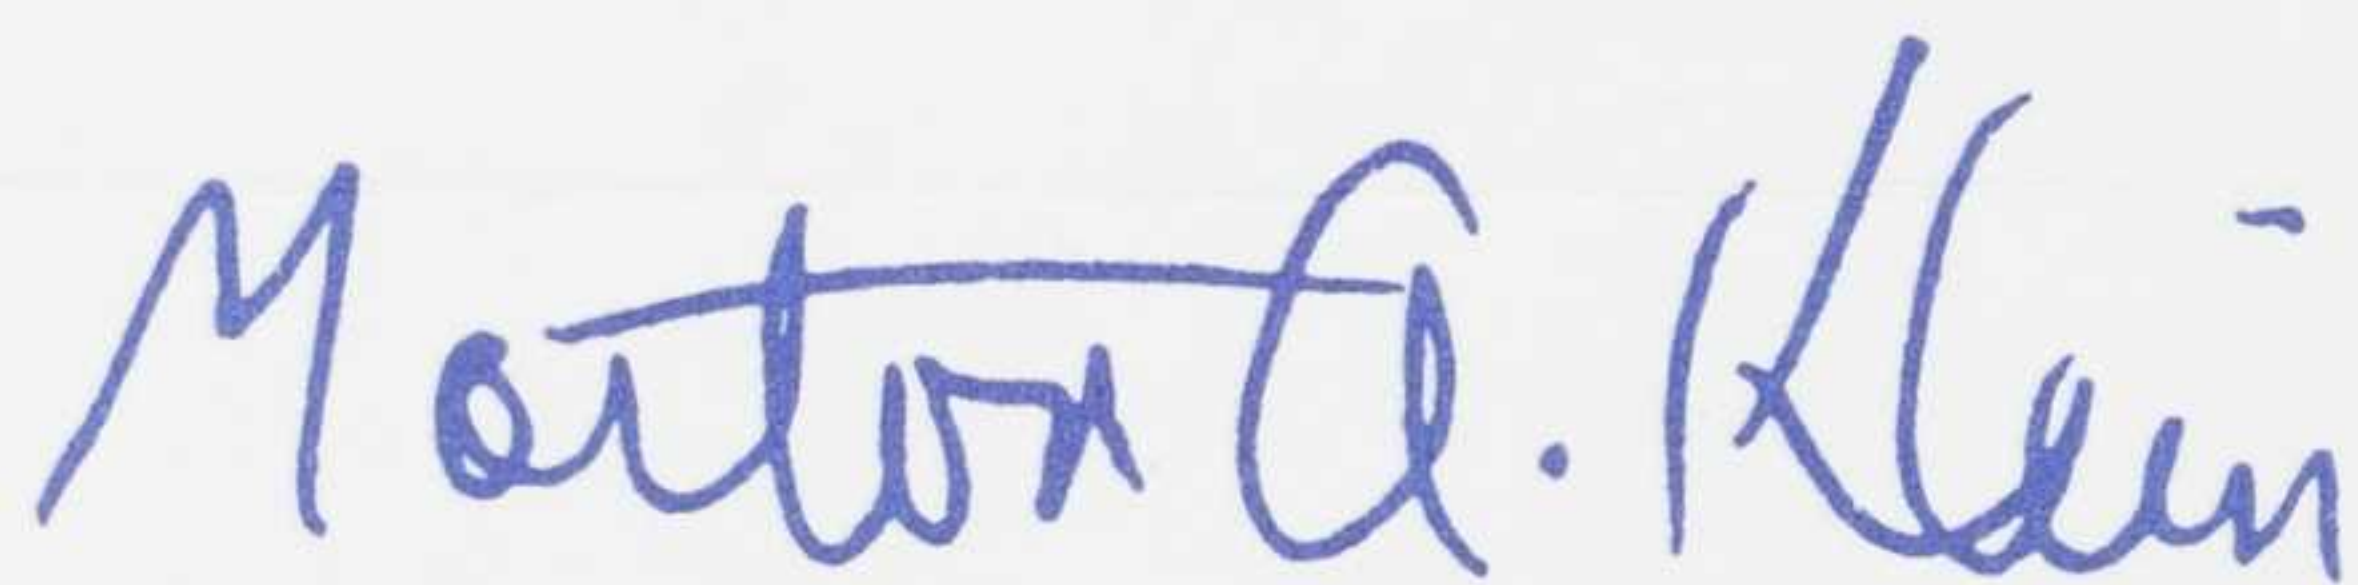

**It's more important than ever that you help
ensure the ZOA's ability to continue this work.**

By becoming a member of the ZOA, you will help provide the resources needed for our continuing efforts on behalf of Israel and the Jewish people.

Take Advantage of This Special Offer: if you join the ZOA today, we will rush you a copy of the ZOA's brand new 84-page book, *The Dangers of a Palestinian State*. This timely and fascinating publication brings together essays by prominent experts concerning the dangers that a Palestinian state would pose to Israel — information that every Jew concerned about Israel needs to know. The contributors include U.S. Senator Connie Mack and David Bar-Illan, spokesman for Israel's prime minister. It also features an introduction by U.S. Senator Jon Kyl — **and it's yours, free of charge, if you respond now and become a member of the ZOA.**

Thank you for your support.

Sincerely,

Morton A. Klein
National President

P.S.: Prime Minister Netanyahu recently wrote: "*The ZOA has performed a vital service by exposing and challenging the PLO's violations of the Oslo accords. I urge you to support the ZOA and its efforts on behalf of Israel.*"

Please join with the Prime Minister in supporting the ZOA's important work.

Remember: as the noted historian Paul Johnson has written (in his book *A History of the Jews*): "One of the principal lessons of Jewish history has been that repeated slanders are sooner or later followed by violent physical deeds."
