**A READER'S GUIDE TO THE
SOCIAL SCIENCES**

Edited by Bert F. Hoselitz, University of Chicago

A concise and up-to-date introduction to the literature of anthropology, economics, sociology, political science, history, geography, and psychology. It will serve as a guide to the literary output of these fields and acquaint student, librarian, and professor with what is available in the form of books, journals, pamphlets, and reference works to be consulted and used in research and teaching.

**THE POPULATION OF THE
UNITED STATES**

By Donald Bogue, University of Chicago

This will be the standard work for anyone with a question about the population of the United States. It is the only up-to-date single source for information scattered in hundreds of books, special government reports, and unpublished tabulations. *The Population of the United States* makes invaluable information readily accessible in immediately usable form to planners, market analysts, opinion pollsters, politicians, social research organizations, and news analysts.
