

DAVID A. WILLIAMS, PRESIDENT

American Family Association
Washington, D.C. 20070

Dear Friend of the American Family Association,

Will you please join United States Congressman Pashayan as a citizen co-sponsor of his historic Congressional Bill, the Child Protection Act of 1983?

To become a citizen co-sponsor of Congressman Pashayan's Child Protection Act all you have to do is sign your name next to the bold letters H.R. 2106 on a copy of Congressman Pashayan's Bill that I have personally sent you and mail it back to me immediately.

By putting your signature on Congressman Pashayan's Bill you are really becoming more than a citizen co-sponsor here in the United States Congress.

You're standing shoulder-to-shoulder with Congressman Pashayan and the other conservative leaders in Congress in demanding an end to child pornography in America.

Congressman Pashayan has done you and all America a great service in standing up to the American Civil Liberties Union and the pornography lobby in America.

And he now needs your citizen co-sponsorship to prove to the liberals in Congress that you demand an end to child pornography in America.

Can you imagine the political avalanche you can create here in Washington as a citizen co-sponsor with Congressman Pashayan?

Imagine: Congressman Pashayan can stand on the floor of the U.S. Senate and declare: "Let 250,000 of my fellow Americans who are my co-sponsors speak for me."

So will you please sign your name next to the bold letters H.R. 2106 on Congressman Pashayan's Bill and mail it back to me immediately?

Now, from Washington, I would like to tell you why President Reagan's and Congressman Pashayan's hearts are totally committed to this life and death battle against child pornography.

Brace yourself! For what I am about to tell you is absolutely shocking.

Child pornography movies are now available all across the country. If you live in a city of 250,000 people or 50,000 or 10,000, you and your children are not safe.

The titles of the disgusting movies speak for themselves: Incest, the Game the Whole Family Can Play, Torrid Tots, Lust for Children, Succulent Youth Are Not Safe.

In one film, a bike gang breaks into a church's first communion service and rapes six little girls.

And along with these movies is the never-ending parade of child pornography magazines and books.
