

Greetings in the Precious Name of Jesus!

We're thankful that you have written us and trust that you will find our many documentaries of great help to you. Our readers have written to tell us that our materials are very unique. We like to refer to our readership as "The Alert Sheet Family". We would like to share with you some of the precious letters we have received from members of the Alert Sheet Family:

*I must say, dear brother, I appreciate more than I can say your bold, uncompromising stand for the Lord Jesus Christ and His precious Word; coupled with your attitude of Christian love and Scriptural ground for each issue... —FL*

*I must express again my amazement at the amount of work you are doing... Yours is a very unique service, and I wish you the Lord's continued blessing and guidance. —CA*

*A good friend gave me a few back issues of your Alert Sheet, upon which I realized...like the Bible...the more I read, the more I wanted. —PA*

*Very excellent ministry. I've been thinking that more of this sort of thing is necessary. Our former Baptist church seems unmoved to communicate the very 'survival information' you're supplying. —FL*

*I am writing to let you know that I appreciate the 'Alert Sheets'. ... You won't make many friends, but when one stands faithful, he never does... —VA*

*At first I felt people who held these views were fanatics. Now, perhaps, I may be thought to be one myself. —NY*

*I have always wanted to thank you for waking me up... With your Alert Sheet, I have opened the eyes of a few... —IL*

*I have enjoyed receiving your Alert Sheet for some time. I believe you are doing the Christian population a much needed service, as most of us do not have the time nor the know-how to bring up the information you do so well in reporting. —NY*

*Boy, you sure got some nerve to publish something like that. I only wish more preachers had that much nerve (guts)! —PA*

*The 4th verse of the 23rd Psalm where it talks about walking through the valley of the shadow of death, I will fear no evil, for thou art with me, must be one of your principal Scriptures, or you are one of the bravest men in the world... The Alert Sheet Publication Ministry is very much needed in America. —OH*

*I am pleased beyond words about your paper. —WA*

*I don't know of any fundamental work that does the precious work you carry on. —VA*

*It pleases my soul to know there are some ministers who will still stand for Jesus in an uncompromising way. —NC*

*If ever there was a true disciple of Christ and mankind, even as Paul, with all of his marvelous training in the Law and ability to speak eloquently;... No 5-digit salary on earth could be worth what...you have. —CA*

*You are a gold mine of knowledge. ...I see I'm in for a lot of reading. —CA*

*I'm glad to be a part of your family. Thank you for bringing us the truth. —IL*

*It sure is satisfying to hear a voice 'crying in the wilderness'. —WA*

*I am certainly glad that I finally heard about your Alert Sheet Publication. It is so important for all of us to be enlightened, as we live in a very mystery-shrouded society. I do not usually write letters of this nature, but I have nothing but praise to offer you... —OR*

*You have one of the most informative papers available. Keep up the good work. —GA*

*I was shown one of your Alert Sheets today. I MUST be put on your mailing list! —TX*

*...I have learned much from your publication in the last few years I have been reading it. I thank God for men like yourself, of courage, and true and faithful to His Word... —NY*

*Thank you for your Alert Sheets to warn us of these compromising men of God. ... You have persuaded me to tithe only to those who stand on the Word of God without bending toward those who just want their ears tickled. —CANADA*

*A year has passed since you introduced me to our dear Savior, Jesus. I'll never forget that day. ...I want to express my thanks for your strong witness and Christian love. —CA*

*Thank you again for the last two tapes. Your expository type sermons and teaching are what most people need, but there is so little of it in the churches today. —SC*
