

place themselves under this alien command, and General MacArthur's dismissal was the direct consequence of his refusal to obey the UN in its treacherous handling of the war with Red China. The navy now under the traitorous UN forestalls the blockade of China and makes more despairing the ending of the Korean war.

Without Ceasing, Pray For Divine Intervention

Both the Republican and Democratic Parties have become rival factions of one Socialist Party. The Republicans sponsor "creeping Socialism" while the Democrats are advocates of "galloping Socialism." Both old parties are captives of the Internationalistic United Nations. In the Democratic Convention we were told that "The Roosevelt Revolution" has already taken place in the United States. The International totalitarians have captured the seat of government. They control our economic power. They have shackled our business, mobilized the forces of class hatred, begun the liquidation of private fortunes, clamped controls upon the individual and subjugated the powers of Congress, the Supreme Court, and the sovereign authority of the states.

These forces working in the Executive, State, Defense and Judicial Departments, by piling up uncalled for debts are destroying private enterprise and setting the stage for State Socialism and Socialistic slavery for the American people. James Warburg, an International banker of New York, has said that "We are going to have this Internationalist One World Government whether we like it or not. It remains to be seen if it will come to the United States by consent or conquest."

Internationalism is another Name for Communism. Leaders of both old parties are strongly in favor of the UN and the NATO. Until America returns to Constitutional Government there is no hope for her. A score of United States Senators are seeking to pass a constitutional amendment that will prevent the use of the treaties and Presidential agreements that have served to turn our government over to the United Nations.

Write, Wire, Telephone or go and see your Senators and Congressmen at once. Make your message brief and pointed. Make it urgent that you want the U. S. out of the U.N, and the UN out of the U.S. The facts are fearful. We dare not print them. America is doomed unless God intervenes. A new President cannot save America. He is but a captive of heartless, relentless forces working night and day to wreck our nation.

If you are not stirred to pray, "God Save

America," send for a copy of "The Iron Curtain Over America," a book that gives the grim facts of America's destruction at the hands of subtle and hidden enemies. Price of the book (The Iron Curtain Over America, By John Beaty) is \$3.00. Order direct from the publishers:

So powerful is this alien plot to destroy the sovereignty of the United States and subordinate us to the Socialistic-Communist One-World Rule of the anti-Christian United Nations that only the quick and direct interposition of God in the affairs of our nation can save our land from the fate of China, for the same men that turned China over to the Soviets are entrenched in our Executive, State, Judicial and Defense Departments — working to the same ends in Washington. A new administration will not change the situation. Only God can destroy the evil, invisible government which seeks to impose on our free nation a Socialistic State and slavery.

Doom faces us. There is no alternative now. We either secure now the Lord's help by meeting the requirements of His intervention in our affairs or we become as much the prey of the terrible as the Church of God in Russia and China.

God's Covenant of divine intervention is contained in Luke 18:1-8. It calls for unceasing day and night prayer. The Spirit Himself indites the prayer—"Avenge me of my adversary." This is the New Testament prayer for deliverance from our enemies. The Lord promises SPEEDY vengeance if we cry day and night. "Shall not God avenge His own elect, which cry day and night unto Him . . . ? I tell you that He will avenge them speedily." —Luke 18:7-8.

Let us get a vision of the work to be done and get on with it! To fail is to die! we must do—dare—dedicate everything we have now at all costs to turning this godless tide. It is now or never. It is prayer, or perish.

Call a Solemn Assembly

"Blow the trumpet in Zion, sanctify a fast, call a solemn assembly: Gather the people, sanctify the congregation, assemble the elders . . . Let the . . . ministers of the Lord weep between the porch and the altar, and let them say, Spare thy people, O Lord, and give not thine heritage to reproach, that the heathen should rule over them: wherefore should they say among the people, Where is their God? Then will the Lord be jealous for His land, and pity His people. Yea, the Lord will answer

and . . . will remove far off from you the northern army, and will drive him into a land barren and desolate . . . Fear not, O land; be glad and rejoice for the Lord will do great things."—Joel 2:12-21.

The Christian pulpit is largely to blame for the moral sag and political corruption of this hour. There is no hue and cry raised against our national sins, sins in home and politics. Let the ministers obey the Lord, call solemn assemblies of prayer, and themselves do as He has commanded, "weep between the porch and the altar." The blood of free America is on the hands of Christian leaders who ignore God's commands to call solemn assemblies of prayer,—to fast, to pray, to seek Him in contrition, confession, heart-searchings — till He comes and rains righteousness upon us. — Hosea 10:12.

Let ministers and people stir themselves up to take hold of the promises of God for intervention, for deliverance, for mercy. "When the enemy shall come in like a flood, the Spirit of the Lord shall lift up a standard against him."—Isa. 59:19; Isa. 54:17; Isa. 62:6-7.

In every town and hamlet in the land, let ministers throw open their churches to day and night prayer. As far as possible let them lead the people in the prayer—"God save America." Only by giving over to God our church schedules, and the daily routine of our selfish lives—sacrificing all to make possible day and night prayer—can the needs of this extraordinary hour be met. Everywhere let God's people fall on their knees and stay there until they have taken hold of God for immediate, miraculous, merciful intervention in the affairs of America, Korea, and the world.

Do not wait for others to take the lead. Face the responsibility of calling God's people to day and night crisis-prayer as your own. Ask ministers to throw open their churches to day and night prayer. Start cottage prayer meetings, not one a week, but day and night, never-give-up, never-say-die, relentless prayer for this one thing—divine intervention!

Pray for righteous leaders in Church and nation and for the burning, cleansing flame of a revival of righteousness to sweep clean the cities of our land.

Read this tract and go to your knees. Pass it on! Get it into the hands of ministers, prayer groups, and God's people everywhere. Send for more. They are free but if you send a gift it will help to reprint. Your gifts gratefully received for reprinting.
