

"United Nations" Soviet-Zionist-Jews run the Congress of the U.S.A.!

It's amazing how the Congress has allowed these Jews to appear here for every bill for more than 15 years and dictate our U. S. laws! And yet not one Congressman has raised even a suspicion of what's cooking here! It stinks to high heaven of Jews, too! Yet not one Congressman ever mentions Jews, or complains of the "U. N." war! And you would have to be as blind as a barn door not to notice the Jews here! What ails Congress? They can raise all kinds of issues, but not the Jew issue! But anything else is evading the issue! Why don't they raise hell on the U.N. and repeal the charter of the "United Nations", or officially end the war?

A small hope of Congressional action to save America!

There is only one bright thing on the horizon tonight, and that is that Congressman Vinson of Georgia, who is the chairman of the House Armed Services Committee, has ordered an investigation of what has become of our 95 billion dollars worth of military aid, that under the Zionist Jew Maj. Gen. L. L. Lemnitzer, was given to Russia to arm natives for revolution the world over! But I do not think that any Congressional "investigations" are anything but a "whitewash".

Our boys are dying fighting tanks with "Bazookas", or only a gun, in Korea!

Terrorist Jews in Charge on Capitol Hill!

Secret Police State now in Force Under U.N.!

The Jews of the "United Nations" have taken over Congress! We have got a Police State!

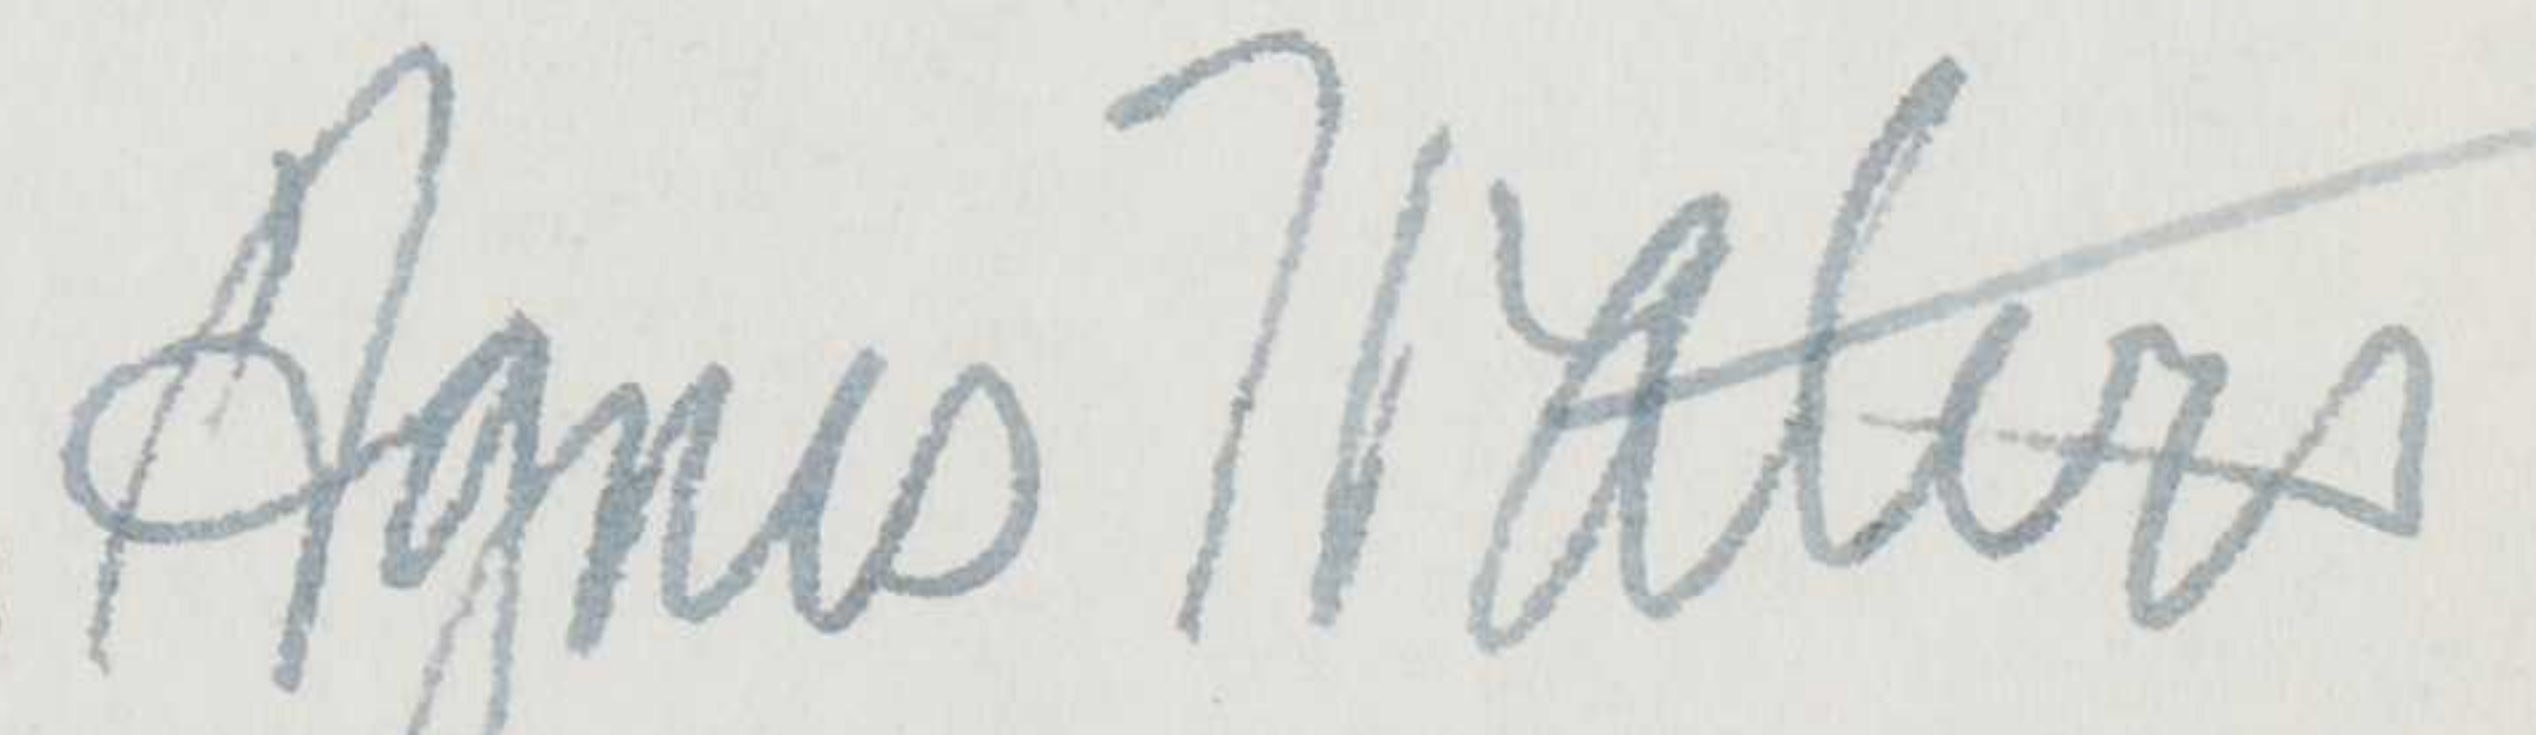

There is no longer any protection under the U. S. Constitution for any patriotic American citizen! But as the only woman candidate for President of the U.S.A. I can take this case to the people in this election year. I hope to campaign on the road.

I would be interested to hear from you. Please write.
