NOTES FROM THE COORDINATOR/EDITOR

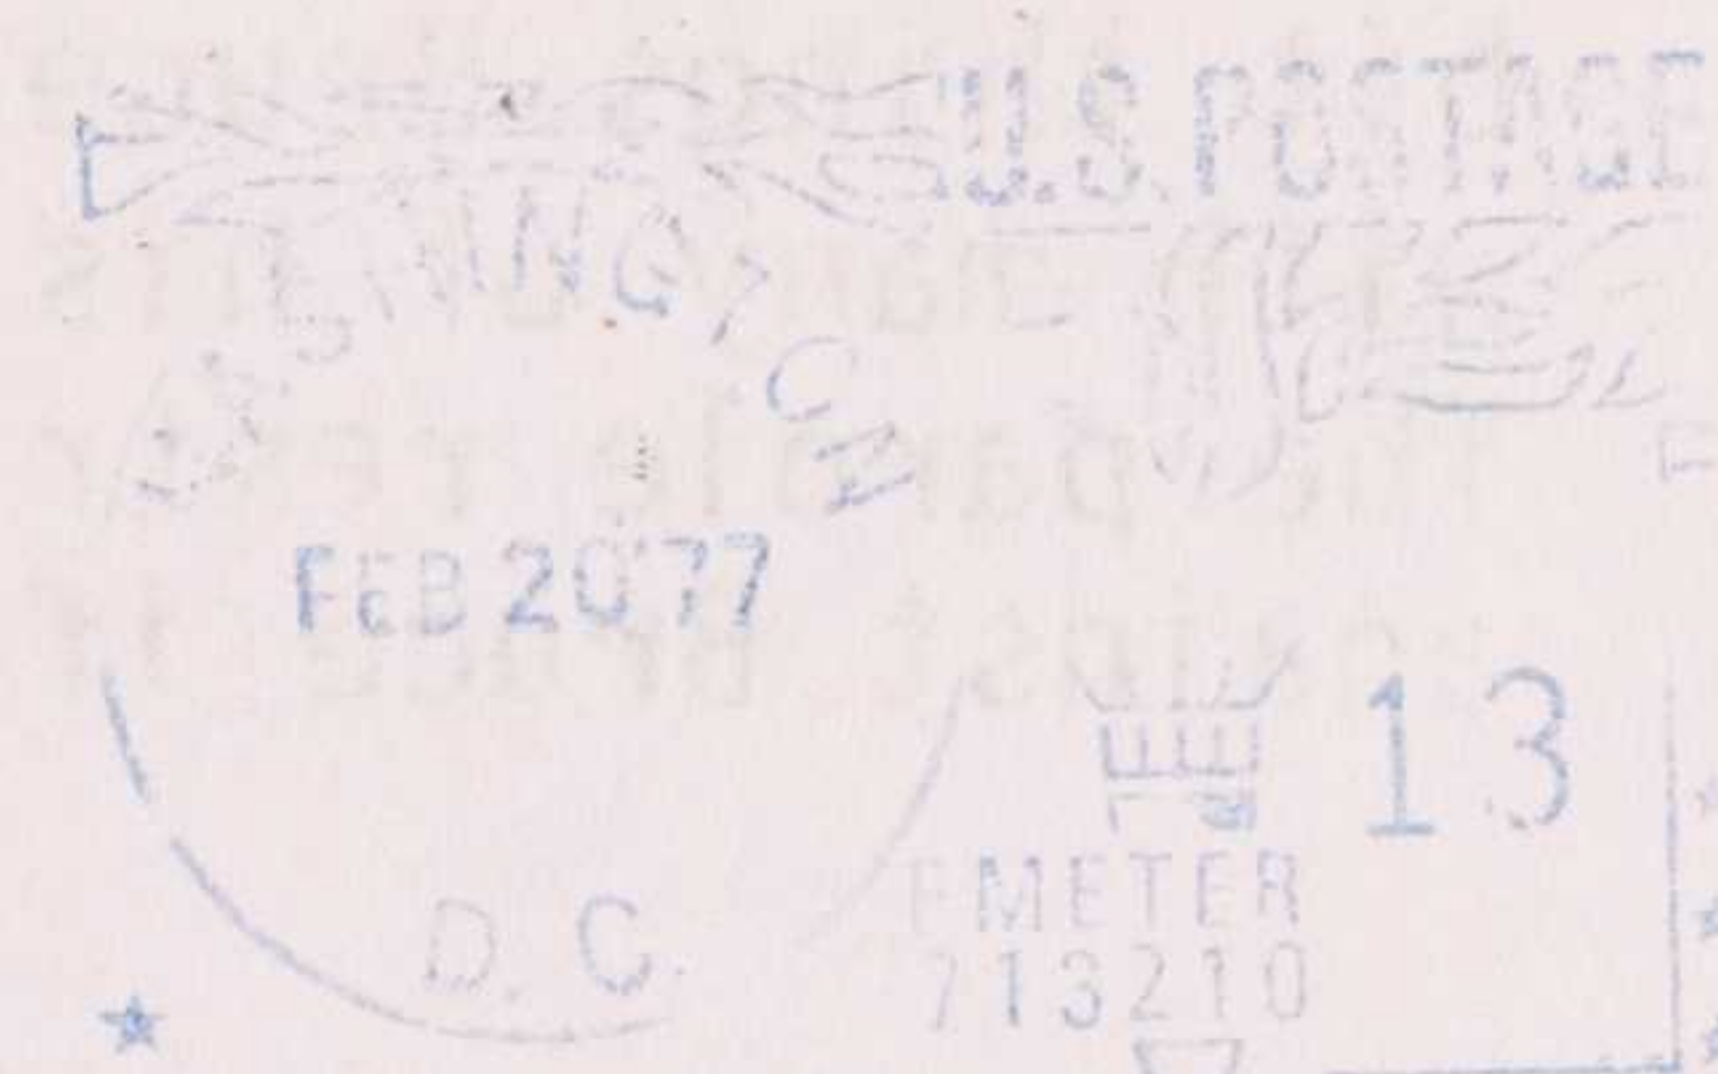

The long hiatus in communication is because I have been very busy and just haven't gotten around to doing a Newsletter until now. There may not be another Newsletter, but I am retaining the mailing list for use if it seems advisable. I hope you will be active in war resistance and enclose a leaflet to help you along those lines. I have financed the BBSC out of my own pocket, counting on supporters to reimburse me for the expenses. With this Newsletter, expenses to date approach \$850, and contributions have totalled almost \$600. Any help with the difference would be appreciated. Checks may be made payable to "William Samuel-BBSC" and sent to BBSC, 120 Maryland Ave., N.E., basement, Washington, DC 20002. Thank you.

In the last few months, a drive to reinstitute the draft or to establish a "national service" program (conscription for both military and civilian work) has developed. Support comes from the Pentagon and its strongest backers, as well as from big government liberals who see "national service" as the answer to youth unemployment. I hope you stay abreast of this threat and do what you can to combat it. A good source of information is *The Reporter for Conscience* published monthly by the National Interreligious Service Board for Conscientious Objectors, 550 Washington Bldg., 15th & New York NW, Washington, DC 20005. Subscription price is only \$2.50 a year. Let's keep up the struggle! -Bill Samuel
